

# 3-5 Music Unit 2 (Tonal Elements)

Content Area: **Visual & Performing Arts**  
Course(s):  
Time Period: **Marking Period 2**  
Length: **9 Weeks**  
Status: **Published**

## Unit Overview

---

In this unit, students will explore the elements of **Tone, Pitch, Melody, and Harmony** as they are found in a variety of cultures and historical periods. Teachers will develop students' knowledge of these musical elements by leading them through the Artistic Processes: Creating, Performing, Responding, and Connecting. Within these processes, students learn to think like musicians utilizing the practices relevant to the musical task-at-hand. Using varied media, instructional approaches, and assessment strategies, teachers will facilitate student learning toward communicating with basic literacy. Students should be able to communicate using the vocabulary, materials, tools, techniques, and intellectual methods of the discipline in a developmentally appropriate manner. Demonstrated growth in each process will be measured based on specific performance expectations connected to the Anchor Standards. Students in 4th and 5th grades have the opportunity to further enhance their experience, and deep their understanding in, these elements through participation in instrumental and/or vocal ensemble music.

As stated in the NJ Student Learning Standards our mission is “To empower students to develop creative and critical thinking, social-emotional competencies, and intellectual and expressive abilities that will allow them to become active, contributing members of a global society.”
