Course(s):  
Time Period: **Marking Period 1**  
Length: **6 days**  
Status: **Published**

## Unit Overview

---

In this unit, the main 3 elements of music are introduced and briefly defined and demonstrated; **Rhythm, Melody and Harmony**. Students will then explore the elements of **Rhythm, Meter, Beat and Tempo** as they are found in a variety of cultures and historical periods. Teachers will develop students' knowledge of these musical elements by leading them through the Artistic Processes: Creating, Performing, Responding, and Connecting. Within these processes, students learn to think like musicians utilizing the practices relevant to the musical task-at-hand. Using varied media, instructional approaches, and assessment strategies, teachers will facilitate student learning toward being able to communicate with confidence in the discipline. Demonstrated growth in each process will be measured based on specific performance expectations connected to the Anchor Standards.

As stated in the NJ Student Learning Standards our mission is “To empower students to develop creative and critical thinking, social-emotional competencies, and intellectual and expressive abilities that will allow them to become active, contributing members of a global society.”
