# 4 Math Unit 09: Understand and Compare Decimals 

Content Area: Mathematics<br>Course(s):<br>Time Period:<br>Length:<br>April<br>Status:<br>2 Weeks<br>Published

## Unit Overview

Fractions with denominator 10 and 100, called decimal fractions, arise naturally when student convert between dollars and cents, and have a
more fundamental importance, developed in Grade 5 , in the base 10 system. Grade 4 students learn to add decimal fractions by converting them
to fractions with the same denominator, in preparation for general fraction addition in Grade 5 .
Students compare decimals using the meaning of a decimal as a fraction, making sure to compare fractions with the same denominator.

- How can fractions can be expressed as decimal fractions?
- How can fraction understanding be used to read, write, and compare decimal fractions?

## Students will be able to...

compare decimals, add fractions with denominators of 10 or 100 , and solve word problems involving money

## Standards

MA.4.MD.A. 2

MA.4.NF.C. 5

MA.4.NF.C. 6
MA.4.NF.C. 7

Use the four operations to solve word problems involving distances, intervals of time, liquid volumes, masses of objects, and money, including problems involving simple fractions or decimals, and problems that require expressing measurements given in a larger unit in terms of a smaller unit. Represent measurement quantities using diagrams such as number line diagrams that feature a measurement scale.

Express a fraction with denominator 10 as an equivalent fraction with denominator 100, and use this technique to add two fractions with respective denominators 10 and 100.

Use decimal notation for fractions with denominators 10 or 100.
Compare two decimals to hundredths by reasoning about their size. Recognize that comparisons are valid only when the two decimals refer to the same whole. Record the results of comparisons with the symbols $>,=$, or $<$, and justify the conclusions, e.g., by using a visual model.

## Materials

- EnVision Math
- 12-1 Fractions and Decimals
- 12-2 Fractions and Decimals on the Number Line
- 12-3 Compare Decimals
- 12-4 Add Fractions with Denominators of 10 and 100
- 12-5 Solve Word Problems Involving Money
- 12-6 Math Practices and Problem Solving: Look For and Use Structure
$\underline{\text { ST Math }}$
- Happy Numbers
- 3 Act Lessons
- Building Fact Fluency Kit
- Brainingcamp Manipulatives
- Nearpod Lessons
- Brainpop Resources
- Math Diagnosis and Intervention System
- Online Resources

## Technology

- 8.1.5.A.1,2,4 (solve problems, word processing, databases, spreadsheets)
- 8.1.5.F. 1 (digital tools to support scientific finding)
- 8.2.5.C.1,2,3 (solve problems, troubleshoot repair tools)

## Assessment

## Formative Assessment

- Teacher Observation
- Daily Quick Check
- Quizzes
- Exit Tickets

## Summative Assessment

- Topic Tests
- Benchmark Tests
- Alternative Assessments: Performance Tasks \& Projects

## Accommodations \& Modifications

## Special Education

- Follow IEP Plan which may contain some of the following examples...
- In class/pull out support with special ed teacher
- Additional time during intervention time
- Preferred seating
- Questions read aloud
- Extended time for completing tasks
- Graphic organizers
- Vocabulary support
- Mnemonic devices
- Songs/videos to reinforce concepts
- Limit number of questions
- Scribe
- Manipulatives
- Calculators
- Reteach pages
- Leveled homework
- Lesson intervention activities
- Math Diagnosis \& Intervention System
- Another look homework video
- Practice buddy

504

- In class/pull out support with special ed teacher Additional time during intervention time
- Preferred seating
- Questions read aloud
- Extended time for completing tasks Graphic organizers
- Vocabulary support Mnemonic devices
- Songs/videos to reinforce concepts Limit number of questions
- Scribe Manipulatives Calculators Reteach pages Leveled homework
- Lesson intervention activities
- Math Diagnosis \& Intervention System Another look homework video
- Practice buddy

## ELL

- Translation device/dictionary
- In class/pull out support with ESL teacher
- Preferred seating
- Questions read aloud
- Extended time for completing tasks
- Graphic organizers
- Vocabulary support
- Mnemonic devices
- Songs/videos to reinforce concepts
- Manipulatives
- Math Diagnosis \& Intervention System

## At-risk of Failure

- Additional time during intervention time
- Questions read aloud
- Graphic organizers
- Vocabulary support
- Mnemonic devices
- Songs/videos to reinforce concepts
- Manipulatives
- Calculators
- Reteach pages
- Leveled homework
- Lesson intervention activities
- Math Diagnosis \& Intervention System
- Another look homework video
- Practice buddy

## Gifted \& Talented

- Independent projects
- Enrichment pages
- Online games
- Leveled Homework
- Extension Activities
- Today's Challenge

## Interdisciplinary Connections

Topic 1 Math and Science Project - Using different presentations tools, students will collect different types of paper. Talk about the uses of
paper. Tell how strong each type of paper is.Tell how the paper feels. Tell if the paper can soak up water.

## ELA:

NJSLSA.R10. Read and comprehend complex literary and informational texts independently and proficiently with scaffolding as needed.

## Science:

3-5-ETS1-2. Generate and compare multiple possible solutions to a problem based on how well each is likely to meet the criteria and constraints of the problem.

## 21st Century Life Literacies \& Key Skills

## Critical Thinking and Problem Solving:

Problem-solving activities starting with the lesson "Solve and Share" and ending with higher order thinking questions that utilize the mathematical practices

## Communication and Collaboration:

Throughout the lesson, students are provided with opportunities to discuss their ideas as they investigate mathematical concepts.

## Creativity:

Students have opportunities to express their creativity by solving problems their own way, participating in performance tasks, and group projects.

## Technology:

Use of iPads, instructional apps, lab materials embedded in lessons. Programs such as BrainPop,Math Reflex, Google Slides are used to support instruction.

## Career Ready Practices

- CRP1. Act as a responsible and contributing citizen and employee.
- CRP2. Apply appropriate academic and technical skills.
- CRP4. Communicate clearly and effectively and with reason.
- CRP8. Utilize critical thinking to make sense of problems and persevere in solving them.
- CRP12. Work productively in teams while using cultural global competence.
