

8 Health Care

Content Area: **Physical Education & Health**
Course(s):
Time Period: **Marking Period 1**
Length: **12-18 days**
Status: **Published**

Unit Overview

In this unit, students will explore

EU:

- Potential solutions to health issues are dependent on health literacy and locating resources accessible in a community.
- Advocacy for personal, family, community and global health can influence and change the interaction of people and their health.
- Community resources can provide participation in physical activity for self and family members.
- Many factors can influence an individual's choices when selecting a balanced meal plan, which can affect nutritional wellness.
- Diseases can be contracted from a variety of sources and choices individuals make may contribute to or prevent a person from being susceptible to a disease or health condition
- The degree to which an individual is impacted by a health condition or disease can be affected by their immune system and treatment strategies.

Standards

- 2.1.8.CHSS.1: Identify professionals at school and in the community available to assist with health conditions and emergencies, sexual health services, and life skills training, and describe how they can be accessed (e.g., suicide prevention, CPR/AED, breast self-examination, traumatic stress)
- 2.1.8.CHSS.6: Develop an advocacy plan regarding a health issue and share this information in an appropriate setting.
- 2.1.8.CHSS.7: Collaborate with other students to develop a strategy to address health issues related to

climate change.

- 2.2.8.LF.6: Develop a strategy to overcome barriers that allows for a visit in the community that promotes physical activities.
- 2.2.8.LF.7: Evaluate personal attributes as they relate to career options in physical activity and health professions.
- 2.3.8.HCDM.1: Justify how the use of universal precautions, sanitation and waste disposal, proper food handling and storage, and environmental controls can prevent diseases and health conditions.
- 2.3.8.HCDM.2: Determine the role of genetics in being susceptible to disease and health conditions and identify the types of behavior that might reduce the risk factors.
- 2.3.8.HCDM.3: Describe behaviors that may contribute to or prevent a person from being susceptible to disease and illness (e.g., cardiovascular, stroke, hepatitis, sexually transmitted infections (STIs), HIV/AIDS, breast cancer, HPV, testicular cancer).
- 2.3.8.HCDM.6: Explain how the immune system fights disease.
- 2.3.8.HCDM.7: Explain how specific methods of disease prevention, treatment strategies, and appropriate medicine use promote health-enhancing behaviors.

Exemplar Learning Activities

Topics may include:

- Infectious vs Lifestyle diseases
- Communicable vs Noncommunicable (cancer, LYME, heart disease, influenza, COVID)
- Prevention and treatment
- Leading risk factors
- Genetic diseases
- Teens vs Adult risks
- Suicide Prevention Services at school (guidance, teachers, trusted adult)
- Immune system function
- HIV / AIDS
- Environmental Health
- First Aid and health emergencies

Materials

Core Materials:

- New Jersey CHPE Standards
- District provided materials
- Brain Pop
- 3Rs – Preparation is Prevention

Supplemental Materials:

- Newsela articles
- Powerpoint presentation
- First aid mannequin
- Demo AED / Pads
- Demo EpiPen
- Red Cross / AHA Videos

Technology

Technology Literacy

9.4.

Evidence of Learning/Assessment

Formative Assessment

- Teacher Observation
- Exit Tickets
- Self-Assessment

Summative Assessment

- Quizzes
- Tests
- Projects

Accommodations & Modifications

Special Education

Follow IEP Plan which may contain some of the following examples...

- Preferred seating
- Questions read aloud
- Extended time for completing tasks
- Graphic organizers
- Vocabulary support
- Mnemonic devices
- Songs/videos to reinforce concepts
- Limit the number of questions
- Scribe

504

Follow 504 Plan which may contain some of the following examples...

- Preferred seating
- Questions read aloud
- Extended time for completing tasks
- Graphic organizers
- Vocabulary support
- Mnemonic devices
- Songs/videos to reinforce concepts
- Limit the number of questions
- Scribe

ELL

- Translation device/dictionary
- Preferred seating
- Questions read aloud
- Extended time for completing tasks
- Graphic organizers
- Vocabulary support
- Mnemonic devices
- Songs/videos to reinforce concepts
- Limit number of questions
- Scribe

At-risk of Failure

- Preferred seating
- Questions read aloud
- Extended time for completing tasks
- Graphic organizers
- Vocabulary support
- Mnemonic devices
- Songs/videos to reinforce concepts
- Study Guides
- Limit the number of questions
- Scribe

Gifted & Talented

- Independent projects
- Tiered grouping

Interdisciplinary Connections

Connections to NJSLS - English Language Arts

- RI.2.1 Ask and answer such questions as who, what, where, when, why, and how to demonstrate understanding of key details in a text. (2-PS1-4)
- RI.2.3 Describe the connection between a series of historical events, scientific ideas or concepts, or steps in technical procedures in a text. (2-PS1-4)
- W.2.8 Recall information from experiences or gather information from provided sources to answer a question. (2-PS1-1), (2-PS1-2), (2-PS1-3)

Connections to NJSLS - Mathematics

- MP.2 Reason abstractly and quantitatively. (2-PS1-2)

Connections to NJSLS - Science

Connections to NJSLS - Social Studies

Climate Change: Technology - Effects on the Natural World

-

Connection to NJDOE SEL Competencies

- Self-Awareness
- Self-Management
- Social Awareness
- Responsible Decision-Making
- Relationship Skills

Amistad Law:

N.J.S.A. 18A 52:16A-88 Every board of education shall incorporate the information regarding the contributions of African-Americans to our country in an appropriate place in the curriculum of elementary and secondary school students. Historical figures in science and sports.

Holocaust Law:

N.J.S.A. 18A:35-28 Every board of education shall include instruction on the Holocaust and genocides in an appropriate place in the curriculum of all elementary and secondary school pupils. The instruction shall further emphasize the personal responsibility that each citizen bears to fight racism and hatred whenever and

wherever it happens.

Bullying and respect for others.

Asian American and Pacific Islander Studies Legislation:

Every board of education shall incorporate the information regarding the contributions of Asian American and Pacific Islander musicians to our country in an appropriate place in the curriculum of elementary and secondary school students.

DEI

Beginning in the 2021-2022 school year, each school district shall incorporate instruction on diversity and inclusion in an appropriate place in the curriculum of students in grades kindergarten through 12 as part of the district's implementation of the New Jersey Student Learning Standards P.L. 2021 Ch 32.

LGTB & Disability

A board of education shall include instruction on the political, economic, and social contributions of persons with disabilities and lesbian, gay, bisexual, and transgender people, in an appropriate place in the curriculum of middle school and high school students as part of the district's implementation of the New Jersey Student Learning Standards (N.J.S.A.18A:35-4.36)

[NJ Curriculum Mandates: Galloway Teacher Resource Crosswalk](#)

Historical figures in science and sports.

Career Readiness, Life Literacies, and Key Skills

Critical Thinking and Problem Solving:

- 9.4.2.CT.1: Gather information about an issue, such as climate change, and collaboratively brainstorm ways to solve the problem (e.g., K-2-ETS1-1, 6.3.2.GeoGI.2).

- 9.4.2.CT.2: Identify possible approaches and resources to execute a plan (e.g., 1.2.2.CR1b, 8.2.2.ED.3).
- 9.4.2.CT.3: Use a variety of types of thinking to solve problems (e.g., inductive, deductive).

Career Ready Practices

- CRP6. Demonstrate creativity and innovation.
- CRP8. Utilize critical thinking to make sense of problems and persevere in solving them.
