Unit Overview

Adding and Subtracting Fractions

The unit begins by estimating sums and differences of fractions. Students use benchmarks of ones and halves to help them estimate. Students extend their knowledge of adding and subtracting with like denominators to calculating with unlike denominators. Students use knowledge of equivalent fractions to rewrite fractions with common denominators. Students apply what they learned to solve problems involving mixed numbers as well.

What Students Are Learning

- Students add and subtract fractions and mixed numbers with unlike denominators
- Students solve word problems involving addition and subtraction of fractions and mixed numbers
- Students use benchmark numbers to estimate the reasonableness of sums and differences of fractions

Number Routines

- Would you rather?
- Which benchmark is it closest to?
- What's another way to write it?
- Decompose It
- Notice & Wonder
- Is it always true?

Standards

MATH.5.NF.A	Use equivalent fractions as a strategy to add and subtract fractions
MATH.5.NF.A.1	Add and subtract fractions with unlike denominators (including mixed numbers) by replacing given fractions with equivalent fractions in such a way as to produce an equivalent sum or difference of fractions with like denominators.
MATH.5.NF.A.2	Solve word problems involving addition and subtraction of fractions referring to the same whole, including cases of unlike denominators, e.g., by using visual fraction models or equations to represent the problem. Use benchmark fractions and number sense of fractions to estimate mentally and assess the reasonableness of answers.

Interdisciplinary Connections

SCI.3-5-ETS1-1	Define a simple design problem reflecting a need or a want that includes specified criteria for success and constraints on materials, time, or cost.
ELA.RI.MF.5.6	Interpret information presented visually, orally, or quantitatively (e.g., in charts, graphs, diagrams, timelines, animations, or interactive elements on web pages) and explain how the information contributes to an understanding of the text in which it appears.
ELA.SL.PE.5.1	Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 5 topics and texts, building on others' ideas and expressing their own clearly.

Career Readiness, Life Literacies & Key Skills

	People can choose to save money in many places such as home in a piggy bank, bank, or credit union.
