## Transfer

---

- • Compose songs in common rock and pop forms.

## Essential Questions

---

- • How do I write a chord chart/lead sheet?
- • What chord progressions are commonly used in each style?
- • What does form mean in relation to music and how are songs structured?
- • What essential rhythms are commonly used in each style?
- • What strumming and/or picking patterns are commonly used in each style?

## Essential Understandings

---

- • Creating a lead sheet/chord chart provides a map to the form of their composition.
- • Styles of music have specific, recognizable characteristics.

## Students Will Know

---

- • How to notate their creations to allow others to perform them.
- • That there are many methods used in the creative process of composition.
- • What a lead sheet/chord chart should look like and how to create one.

## Students Will Be Skilled At

---

- • Creating their own songs by using common forms, progressions, and melodies.
- • Writing their music down using conventional music notation/chord charts.

## Evidence/Performance Tasks

---

- • Advanced students will create a lead sheet for their composition.

- • Criteria for these tasks will be visual and aural. All tasks will be evaluated for accuracy.
- • Students will create a chord chart of their composition.
- • The student will be required to compose original works that demonstrate aspects of music that are stylistically appropriate.

## Learning Plan

---

- • Song Intent clear
- • Demonstrate how a chord chart is created over the lyrics.
- • Discuss and demo how a song can be created from a chord progression, or set of lyrics, a melody.
- • Have students create a chord chart over a familiar song.
- • Have students create a visual map of form examples using the lyrics as a guide.
- • Have students identify form of song and style attributions.
- • Have students sketch out their song on paper, chords over lyrics.
- • Introduce by example various song forms through styles of pop, rock and blues
- • Provide time for students to experiment in the development of a chord progression, set of lyrics or melody.
- • Provide visual maps for examples of forms through lyrics
- • Song cohesiveness
- • Students are to record (phones) their ideas to retain creative development process.
- • Students will develop rubric attributes for song analysis and performance (to be considered)
- • Students will self-assess and peer assess composition and performance.
- • Students with advanced notation skills will write their melodies down on staff paper in traditional notation.

## Materials

---

## Suggested Strategies for Modifications

---

- • Extra time will be allowed for students to compose if needed.
- • Gifted students could be given more advanced composition devices to work with and be required to create a lead sheet in traditional notation.
- • The teacher will provide the student with a chord progression or melody to work from.
