

Unit 4: Stop Motion Animation

Content Area: **Fine Arts**
Course(s):
Time Period: **Marking Period 1**
Length: **1-2 week(s)**
Status: **Published**

Brief Summary of Unit 4: Stop Motion Animation

In alignment with the NJSLV-VPA, students will discover and learn about various digital art techniques throughout this unit. With the rate that technology is advancing, it is crucial to integrate such technology in the classroom to provide students with 21st century skills and career readiness learning. Students will have the opportunity to explore, discover and comprehend the fundamentals of digital and graphic art. This unit, students will focus on learning how to create stop motion animation.

Essential Questions

- How do the artist's knowledge, understanding and skill in creating stop motion animation affect the resulting artwork?
- How do knowledge and understanding of famous artists and artworks affect the artwork that is created?
- How do knowledge, understanding and skill of creating stop motion animation affect the artwork that is created?

Enduring Understandings

- Various tools create different results
- Exploring and discovering stop motion animation will improve artistic growth and produce a higher quality of artwork
- Introduction of how stop motion animation artists and stop motion animated artworks will expand students knowledge of various times in history, cultures, and art eras

Students Will Know/ Students Will be Skilled At

- Knowing the process of creating stop motion animation
- Experimenting and practicing creating stop motion animation in exercises and in their final artwork

- Knowing the Storyboarding process
- Creating or finding characters, sets, and props for their stop motion animation
- Knowing the Elements and Principles of Art and how to apply them digitally

Learning Plan

- Preview essential questions and objects, connecting to learning throughout the unit
- Introduce Stop Motion Animation
- Introduce the history of stop motion animation
- Introduction creating stop motion animation using Stop Motion Studio app
- Experiment using the Stop Motion Studio app
- Introduce and create artwork specifically focusing on creating stop motion animation
- Create or find characters, sets, and props for their stop motion animation
- Assemble, edit, add sound effects/music using iMovie
- Reflect on the process and the result of creating stop motion animation
- Perform formative and summative assessments
- Showcase artwork throughout the school and in district buildings

Evidence/Performance Tasks

Fine Arts students demonstrate differentiated proficiency according to their ability to answer the essential questions through formative and summative assessments. Evidence of progression may be demonstrated in divergent ways through the Artistic Process of Creating, Presenting/Producing, Connecting, and Responding.

Tasks will include:

- Experimenting with the iPad applications Stop Motion Studio and iMovie
- Conducting and participating in multiple practice stop motion shoots and explorations
- Recording and comprehending important art terminologies and techniques associated to current and past units

- Participating in the art making process while applying design criterias and requirements
- Participating in formal and informal assessments
- Answering essential questions and meeting project objectives and deadlines

Materials
