Essential Questions/Enduring Understandings

- A chord is the foundation of harmony, and can accompany a melody.
- Chords can be based upon each note of a scale.
- Chords have different qualities, including major, minor, diminished, and augmented.
- What do I hear when I listen to music?
- What is harmony?

Students Will Know/Students Will Be Skilled At

- Chords tones are written as the 1st, 3rd and 5th degree above the given root note.
- How to assign basic chords to a written melody.
- How to aurally distinguish between major, minor, diminished, and augmented chords.
- How to write a I, IV, V, I chordal pattern in any key.
- The difference between blocked and arpeggiated chords.
- There are different qualities to chords, including major, minor, diminished, and augmented.
- What a chord or a triad is, and how to construct one over each degree of the major scale.

Learning Plan

- After discussing the concept of harmony, teacher builds a major triad and labels the three notes as the root, the third, and the fifth.
- Preview the essential questions and return to them throughout the course, in discussion and written assignments.
- Students practice writing chords above scale degrees, using a root, third and fifth. Students label the quality of the chord as either major, minor, or diminished.
- Teacher demonstrates the difference between a blocked chordal accompaniment and an arpeggiated accompaniment. Teacher uses familiar folk songs (Twinkle, Mary's Lamb, etc.) to demonstrate how chords can be assigned to each note in a melody.
- Teacher plays major, minor, diminished, and augmented chords and students practice aurally recognizing each.
- Teacher writes out a major scale and builds triads on each note of the scale. Teacher points out the quality of each of the chords and the use of the interval of a third as the basic building block of a chord.

Evidence/Performance Tasks

Performing Arts students demonstrate differentiated proficiency according to their ability to answer the essential questions through formative and summative assessments. Evidence of progression may be demonstrated in divergent ways through the Artistic Processes of Creating, Performing/Presenting/Producing, Connecting, and Responding.

- Given a root note, students will write a major, minor, diminished, or augmented chord above that note, using appropriate accidentals.
- Students will distinguish by ear the difference between root-position major, minor, diminished, and augmented chords.
- Students will write a chord above each note of any given scale.
- Students will write a I, IV, V, I chordal pattern in a given key.
