

# Unit 02: Basketball

Content Area: **Health and Physical Education**  
Course(s):  
Time Period: **Marking Period 1**  
Length: **3-4 Weeks**  
Status: **Published**

## Brief Summary of Unit

---

This unit will support development of team play principles, sportsmanship, and cooperative learning. Students will learn the rules, skills, equipment and strategies of the sport of basketball. Students will also develop and improve fine and gross motor skills. They will also have an opportunity to improve basketball skills, court boundaries, player positions, fouls, and scoring. Students will participate in a variety of games applying those skills
