

Unit 03: Musical Expression

Content Area: **Music**
Course(s):
Time Period: **Trimester 3**
Length: **Ongoing; throughout the school year**
Status: **Published**

Brief Summary of Unit- Revised June 2021

In this unit, musicians will learn that expressive qualities enhance our instrumental playing and performances. Variations of tempos, dynamics, articulations, and timbre give musicians a range of options to elevate their performances. Exploring different musical forms and styles provide opportunities to recognize contrasting sections in music and assists in performing diverse repertoire. By providing musicians with sequential, developmentally-appropriate instruction in the area of musical expression, they will be able to create, perform, present, produce, respond, and connect with their instrument in a meaningful, musical way.

SEL Competency Connections for Beginning Instrumental Music

Beginning instrumental music instruction inherently fosters the growth of the five social and emotional learning (SEL) competencies (self-awareness, self-management, social awareness, relationship skills, and responsible decision making). Throughout the course of study, these SEL competencies are addressed in a tacit way; allowing for the organic development of individualized student growth. While the primary goal is to deliver beginning band instruction, clear connections to SEL enhance the overall outcomes of student learning.

Below, you will find a list of applicable competencies from the Arts Education and Social and Emotional Learning (SEL) Framework that complement the artistic processes found in the 2020 New Jersey Student Learning Standards for the Visual and Performing Arts.

Self-Awareness
