Brief Summary of Unit- Revised June 2021

In this unit, musicians will build a foundation of musical knowledge and skills in the area of pitch. Pitch is a fundamental element of music and a basic level of competency is necessary for students to succeed as instrumentalists. By providing musicians with sequential, developmentally-appropriate pitch instruction, they will be able to create, perform, present, produce, respond, and connect with their instrument in a meaningful, musical way.

SEL Competency Connections for Beginning Instrumental Music

Beginning instrumental music instruction inherently fosters the growth of the five social and emotional learning (SEL) competencies (self-awareness, self-management, social awareness, relationship skills, and responsible decision making). Throughout the course of study, these SEL competencies are addressed in a tacit way; allowing for the organic development of individualized student growth. While the primary goal is to deliver beginning band instruction, clear connections to SEL enhance the overall outcomes of student learning.

Below, you will find a list of applicable competencies from the Arts Education and Social and Emotional Learning (SEL) Framework that complement the artistic processes found in the 2020 New Jersey Student Learning Standards for the Visual and Performing Arts.
