

# Unit 10: Water

Content Area: **English Language Arts**  
Course(s):  
Time Period: **Trimester 3**  
Length: **4 Weeks**  
Status: **Published**

## **Brief Summary of Unit**

---

Young children are naturally drawn to water. They want to explore and play with water washing their hands and they enjoy splashing in puddles on the playground. The water unit will assist the students in understanding that water is essential to life and is used everyday and can be found everywhere. Investigating water provides children with an opportunity to learn about how water is used and its role in helping people and the environment. Skills in Literacy, Math, Social-Emotional, Science, Social Studies, Technology and the Arts are embedded throughout the unit.

## **Essential Questions**
