

# 3-5 General Music: Unit 3 - Music Expression

Content Area: **Music**  
Course(s):  
Time Period: **Trimester 1**  
Length: **Ongoing throughout the school year**  
Status: **Published**

## **Brief Summary of Unit**

---

In this unit students will learn that expressive qualities enhance our performances. Variations of tempo, dynamics and timbre give us a range of options to expand our musical expression. Exploring form and style can provide opportunities to recognize contrasting sections in music and assists us in developing a variety of repertoire. Students will be able to recognize, understand and perform music of varying dynamics and tempos. Students can differentiate various vocal and instrumental timbres and experience using their voices and classroom instruments to elevate their performances. Students will study several music forms and styles and demonstrate an understanding through the performance of repertoire. Students will meet curriculum objectives by the end of fifth grade.

## **Essential Questions**

---

- What is form?
- What are the expressive elements of music?
- How do expressive elements impact a performance?
- How do musicians implement and interpret expressive elements in music?

## **Enduring Understandings**

---

- All music has structure and is organized through form.
- Expressive elements include dynamics, tempo, and timbre.
- Expressive elements can be presented through notation and physical cues, or can be interpreted through performance.
- Expressive elements contribute to the character of a piece of music, and can be used to communicate ideas and/or evoke an emotional response.

## **Students Will Know**
