

# Unit 04: Character Development

Content Area: **Health and Physical Education**  
Course(s):  
Time Period: **Trimester 2**  
Length: **ongoing**  
Status: **Published**

## Brief Summary of Unit

---

The ability to understand and incorporate wellness practices into one's daily living is vital to the well-being of our students and directly correlates to their optimal overall health. Effective health practices provide students with the potential for success when choosing a career and allow for the pursuit of any career interest. When taking this course, students develop their understanding of the interrelationship between wellness, overall well-being and success.

This unit of study will help students develop leadership skills, learn ways to be active in the community for both advocacy and service, and study different positions and responsibilities of the health services industry.
