

# Unit 06: Human Relationships

Content Area: **Health and Physical Education**  
Course(s):  
Time Period: **Trimester 3**  
Length: **ongoing**  
Status: **Published**

## Brief Summary of Unit

---

The ability to understand and incorporate wellness practices into one's daily living is vital to the well-being of our students and directly correlates to their optimal overall health. Effective health practices provide students with the potential for success when choosing a career and allow for the pursuit of any career interest. When taking this course, students develop their understanding of the interrelationship between wellness, overall well-being and success.

This unit will describe and define the characteristics of appropriate human relationships, identify gender differences and similarities, pregnancy and parenting, parenting, and best practices for improving and maintaining social and emotional health.

Revised: July 2023

### **Evidence/Performance Tasks**

---

When taking a Physical Education or Health course, students demonstrate differentiated abilities to answer the essential questions and meet course objectives through formative and summative assessments. Evidence of progression in answering the essential questions and meeting course objectives demonstrates the development of proficiency over time. The performance tasks below are implemented as benchmark assessments and, based on individual student readiness and performance, can be implemented as formative and/or summative assessments. Student proficiency allows for additional or alternative assessment based on demonstration or absence of skill.

- Answer the essential questions
- Create a family tree
- List the differences between males and females
- Write a list of qualities you would look for in a friend
- Cut out pictures of families engaged in family activities
- Read aloud a story about a mother having a baby and have the students tell of their own experience at home
- Identify various emotions and list healthy ways to express those emotions

## Learning Plan

---

- Introduction to the different types of human relationships
- Discuss the various roles of different family members
- List the similarities and differences between genders
- Discuss appropriate expression of caring and affection
- Review the importance of social and emotional health
- Review where babies develop and their dependency on others for survival
