

Unit 02: Integrated Skills

Content Area: **Health and Physical Education**
Course(s):
Time Period: **Trimester 1**
Length: **ongoing**
Status: **Published**

Brief Summary of Unit

The ability to understand and incorporate wellness practices into one's daily living is vital to the well-being of our students and directly correlates to their optimal overall health. Effective health practices provide students with the potential for success when choosing a career and allow for the pursuit of any career interest. When taking this course, students develop their understanding of the interrelationship between wellness, overall well-being and success.

This unit will build upon the students' knowledge of effective communication skills, decision making, goal setting, character development, and leadership qualities to maintain and improve healthy social and emotional interaction with others. Students will apply these concepts towards promoting a healthy life.
