

Unit 02: Mental and Emotional Health

Content Area: **Health and Physical Education**
Course(s):
Time Period: **Marking Period 1**
Length: **1 Week**
Status: **Published**

Brief Summary of Unit

The ability to understand and incorporate wellness practices into one's daily living is vital to the well-being of our students and directly correlates to their optimal overall health. Effective health practices provide students with the potential for success when choosing a career and allow for the pursuit of any career interest. When taking this course, students develop their understanding of the interrelationship between wellness, overall well-being and success.

Students will learn and understand skills necessary for improving physical, mental/emotional, and social health in order to achieve overall wellness. Students will learn about health risks, decision making, setting goals, and building good character. Students will learn ways to apply knowledge gained to their own personal life.

Revision Date: July 2020

Standards

By the end of Grade 8:

2.1 Mental Health: Emotional and Social Wellness

Emotional Health

Self-management skills impact an individual's ability to cope with different types of mental, psychological, and emotional situations.

- 2.1.8.EH.1: Compare and contrast stress management strategies that are used to address various types of stress-induced situations (e.g., academics, family, personal relationships, finances, celebrations, violence).
- 2.1.8.EH.2: Analyze how personal attributes, resiliency, and protective factors support mental and emotional health.

2.3 Safety

Personal Safety

Technology can impact the capacity of individuals to develop and maintain healthy behaviors and interpersonal relationships.

- 2.3.8.PS.6: Demonstrate strategies to use social media safely, legally, and respectfully (e.g., sexting, sextortion).
- 2.3.8.PS.7: Evaluate the impact of technology and social media on relationships (e.g., consent, communication, respect).

Interdisciplinary connections across content areas

- LA.WHST.6-8.2.D - Use precise language and domain-specific vocabulary to inform about or explain the topic.
- LA.WHST.6-8.4 - Produce clear and coherent writing in which the development, organization, voice, and style are appropriate to task, purpose, and audience.
- LA.WHST.11-12.6 - Use technology, including the Internet, to produce, share, and update writing products in response to ongoing feedback, including new arguments or information.

Inclusion of the Career Ready Practice Standards

- CRP.K-12.CRP4: Communicate clearly and effectively and with reason.

Integration of 21st Century Skills through NJSL 9

- CAEP.9.2.8.B.3: Evaluate communication, collaboration, and leadership skills that can be developed through school, home, work, and extracurricular activities for use in a career.

Integration of Technology Standards through the NJSL

- TECH.8.1.8.A.3: Use and/or develop a simulation that provides an environment to solve a real world problem or theory.

Transfer

Essential Questions

- How does knowing the components of mental and emotional health help to create wellness?
- Who or what influences mental and emotional health?
