

Unit 03: Relationships

Content Area: **Health and Physical Education**
Course(s):
Time Period: **Marking Period 1**
Length: **2 Week**
Status: **Published**

Brief Summary of Unit

The ability to understand and incorporate wellness practices into one's daily living is vital to the well-being of our students and directly correlates to their optimal overall health. Effective health practices provide students with the potential for success when choosing a career and allow for the pursuit of any career interest. When taking this course, students develop their understanding of the interrelationship between wellness, overall well-being and success.

Students will learn and understand how to manage and build healthy relationships throughout the teen years. Students will also learn skills necessary for effective communication, dealing with peer pressure, refusal skills, conflict resolution, bullying, abuse, and dating violence. Students will learn ways to apply knowledge gained during the unit to their own personal life.
