Content Area: **English Language Arts**
Course(s):
Time Period: **Trimester 2**
Length: **5 Weeks**
Status: **Published**

Brief Summary of Unit

During this unit, student-readers are empowered to apply previously-taught and new strategies for reading tricky words. They will be charged to apply these strategies to words in more challenging texts. Fluency and stamina will be emphasized as students will begin to read longer texts. Re-reading for multiple purposes and performing for an audience will be encouraged throughout the unit.

This unit is designed to be part of a developmental progression across grade levels and make interdisciplinary connections across content areas including physical and social sciences, technology, career readiness, cultural awareness, and global citizenship. During this course, students are provided with opportunities to develop skills that pertain to a variety of careers.

Bend 2: What strategies can readers use to understand better everything that is happening in their books?

Bend 3: How can readers lean on their growing knowledge of vowel teams to solve words more efficiently?

Students Will Know/Students Will Be Skilled At

- Readers know a range of print strategies and focus on meaning strategies.
- Students will use pictures to support decoding and comprehension.
- Students will use the alphabetic principles to decode unknown words.
- Students will chunk words into small parts to decode unknown words.
- Readers tackle tricky words by rereading and self correcting.
- Readers be more resourceful and active when they come to difficult words.
- Readers employ a range of print strategies and focus on meaning strategies.

- Monitor their reading for challenges in decoding or comprehension using rereading, phonics knowledge, context clues

- Move towards recognizing larger word chunks, develop fluency and expression while reading

Evidence/Performance Tasks

Students demonstrate differentiated proficiency through both formative and summative assessments in the classroom. Based on individual student readiness and performance, assessments can be implemented as formative and/or summative.

Developmental progression across years in both reading and writing is evidenced by multiple benchmark assessment screeners, administered three times per year. Follow up diagnostic assessments are used to target skill remediation. Student proficiency allows for additional or alternative assessment based on demonstration or absence of skill.

The performance tasks listed below are examples of the types of assessments teachers may use in the classroom and the data collected by the district to track student progress.

Formative Assessments

- Responses to Essential Questions
- One-to-one reading conferences and accompanying conferring notes

Learning Plan

Primary reading instruction for the Cranford Public Schools embraces a centrist approach, employing both structured and balanced literacy practices to both decode *and* comprehend print.

To teach decoding, reading instruction follows a structured literacy approach through an number of multi sensory strategies and research-used techniques. Daily word work emphasizing phonics and phonemic awareness uses a multisensory approach to instruction. Decodable and controlled texts are used. For Word Study, please refer to the Cranford Scope and Sequence. and the Phonological Awareness Scope and Sequence.

To teach comprehension, reading instruction is literature and informational text-based and follows a balanced literacy approach through a number of strategies and techniques in Reading Workshop These include interactive read-alouds, mini lessons, shared reading, guided reading, independent reading, small group

strategy instruction, one-to-one conferencing, and partnership discussions. Students will select from authentic literature at their independent reading levels. Teachers will focus on the needed skills and behaviors identified on the Continuum at each student's instructional reading level. Grade level indicators are outlined above. Individual conferences with each student will address specific needs of the reader.

During reading workshop, teachers follow the mini-lesson format:

- Teaching point(s) for each lesson
- Connection: Connects new learning to previous learning/lessons
- Teach/Modeling: Uses "think aloud" when modeling what you expect students to do
- Guided Practice/Active Engagement: Guides students through practice of the teaching point
- Link to Independent Practice: Helps writers understand the purpose for the writing they are about to do and the skills/craft they will be practicing/applying independently as good writers
- Independent Writing/Student Conferences: Provides time for students to do independent writing while teacher confers with individual students, works with small groups, or writing clubs.
- Closure/Sharing: Pull students back together and recognize the work they have done relating to the teaching point. (See end of section for closure ideas.)

For teaching purposes, see attached template for structure of a Reading Workshop lesson. (Change the red font to match your teaching point). Click here.)

Please see the Cranford Public School Grades K-5 Google Folder for instructional materials to identify teaching points and design strategy lessons for those above or below grade level reading. The bends below provide detailed teaching points and lesson ideas.

Teachers may personalize instruction during this unit and address the distinct learning needs, interests, aspirations, or cultural backgrounds of individual students.

Before Beginning this Unit

Before beginning this unit:

- Students' book baggies should have a mix of fiction and nonfiction (leveled books, decodable texts, trade books)
- Prepare anchor charts
- Students should have sticky notes in their book boxes/baggies

Detailed Curriculum Map

Teaching Points and lessons are located in the K-5 folder under Grade 1 Curriculum for Language Arts. These curriculum unit guides include not only aligned teaching points to standards, but also specific lessons and appropriate resources. Guidelines for preparing to teach the unit as well as goals for the end of the unit are outlined. Academic vocabulary and prerequisite skills are identified. Essential questions and possible assessments are detailed as well.

Framework for Alternative Setting (LEAP Program at Lincoln School)

In our K–5 alternative school setting, each class consists of students who require a highly personalized approach to reading instruction. The district's core Reading Units of Study will continue to serve as the primary reading curriculum framework; however, lessons will be further adapted to ensure accessibility and engagement for all learners. Teachers will use a combination of pacing adjustments, flexible timing, and individualized goal setting to meet students at their current skill levels. Instruction will be delivered through a

blend of whole-group, small-group, and one-on-one settings, with intentional scaffolds in place to build confidence and reduce frustration. Please see this document for detailed information.
