

Unit 03: Library Search

Content Area: **English Language Arts**
Course(s):
Time Period: **Trimester 1**
Length: **6 sessions**
Status: **Published**

Brief Summary of Unit

Students will learn that there are ways to search for library materials found in the library media center. Students will be exposed to searching for books using the OPAC.

This unit is designed to be part of a developmental progression across grade levels and make interdisciplinary connections across content areas including physical and social sciences, technology, career readiness, cultural awareness, and global citizenship. During this course, students are provided with opportunities to develop skills that pertain to a variety of careers.

Revision Date: June 2021

Standards

The identified standards reflect a developmental progression across grades/ levels and make interdisciplinary connections across content areas including social sciences, technology, career readiness, cultural awareness and global citizenship. The standards that follow are relevant to this course in addition to the associated content-based standards listed below.

| | |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| LA.W.2.8 | Recall information from experiences or gather information from provided sources to answer a question. |
| LA.SL.2.1 | Participate in collaborative conversations with diverse partners about grade 2 topics and texts with peers and adults in small and larger groups. |
| LA.SL.2.2 | Recount or describe key ideas or details from a text read aloud or information presented orally or through other media. |
| I.A.2 | Recalling prior and background knowledge as context for new meaning. |
| I.D.1 | Continually seeking knowledge. |
| V.A.1 | Reading widely and deeply in multiple formats and write and create for a variety of purposes |
| IV | Curate: Make meaning for oneself and others by collecting, organizing, and sharing resources of personal relevance. |
| IV.A.1 | Determining the need to gather information. |
| IV.A.2 | Identifying possible sources of information. |
| IV.A.3 | Making critical choices about information sources to use. |
| IV.B | Learners gather information appropriate to the task by: |
| IV.B.1 | Seeking a variety of sources. |
| VI.D.1 | Personalizing their use of information and information technologies. |
| CRP.K-12.CRP1 | Act as a responsible and contributing citizen and employee. |

| | |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CRP.K-12.CRP2 | Apply appropriate academic and technical skills. |
| CRP.K-12.CRP2.1 | Career-ready individuals readily access and use the knowledge and skills acquired through experience and education to be more productive. They make connections between abstract concepts with real-world applications, and they make correct insights about when it is appropriate to apply the use of an academic skill in a workplace situation. |
| CRP.K-12.CRP11 | Use technology to enhance productivity. |
| CRP.K-12.CRP11.1 | Career-ready individuals find and maximize the productive value of existing and new technology to accomplish workplace tasks and solve workplace problems. They are flexible and adaptive in acquiring new technology. They are proficient with ubiquitous technology applications. They understand the inherent risks-personal and organizational-of technology applications, and they take actions to prevent or mitigate these risks. |
| III | Collaborate: Work effectively with others to broaden perspectives and work toward common goals. |
| III.A.1 | Demonstrating their desire to broaden and deepen understandings. |
| III.B.1 | Using a variety of communication tools and resources. |
| III.C.1 | Soliciting and responding to feedback from others. |
| TECH.8.1.2 | Educational Technology: All students will use digital tools to access, manage, evaluate, and synthesize information in order to solve problems individually and collaborate and to create and communicate knowledge. |
| TECH.8.1.2.A | Technology Operations and Concepts: Students demonstrate a sound understanding of technology concepts, systems and operations |
| TECH.8.1.2.A.6 | Identify the structure and components of a database. |
| TECH.8.1.2.A.CS1 | Understand and use technology systems. |
| TECH.8.1.2.A.CS2 | Select and use applications effectively and productively. |
| TECH.8.1.2.D.CS1 | Advocate and practice safe, legal, and responsible use of information and technology. |
| TECH.8.2.2.A.2 | Describe how designed products and systems are useful at school, home and work. |
| TECH.8.2.2.A.CS2 | The core concepts of technology. |
| TECH.8.2.2.B.1 | Identify how technology impacts or improves life. |
| TECH.9.4.2.CI.1 | Demonstrate openness to new ideas and perspectives (e.g., 1.1.2.CRP1a, 2.1.2.EH.1, 6.1.2.CivicsCM.2). |
| TECH.9.4.2.CT.1 | Gather information about an issue, such as climate change, and collaboratively brainstorm ways to solve the problem (e.g., K-2-ETS1-1, 6.3.2.GeoGI.2). |
| TECH.9.4.2.IML.1 | Identify a simple search term to find information in a search engine or digital resource. |
| TECH.9.4.2.IML.3 | Use a variety of sources including multimedia sources to find information about topics such as climate change, with guidance and support from adults (e.g., 6.3.2.GeoGI.2, 6.1.2.HistorySE.3, W.2.6, 1-LSI-2). |
| TECH.9.4.2.IML.4 | Compare and contrast the way information is shared in a variety of contexts (e.g., social, academic, athletic) (e.g., 2.2.2.MSC.5, RL.2.9). |

Essential Questions

- How do students locate, access and choose informational resources from the online catalog?
- How does the online catalog tool help patrons locate any and all materials in the library?
- How does the understanding of the library media center organization affect how students access, evaluate, and use information?

- What are the learning skills and strategies that students need to successfully find resources in the library media center?
- Why do all libraries utilize a system to locate materials within their collection?

Students Will Know/Student Will Be Skilled At

- Accessing the online catalog and navigating the options in a basic search, including author, title, subject.
- An online catalog will enable users to locate resources available in a library.
- Identify the call number, title, author, and availability of each entry.
- Locating the searched material within the library media center.
- The online catalog will provide information useful to the searcher.
- There are different ways to search for materials: author, title, subject.

Evidence/Performance Tasks

Students demonstrate differentiated proficiency through both formative and summative assessments in the classroom. Based on individual student readiness and performance, assessments can be implemented as formative and/or summative.

Developmental progression across years in media is evidenced through benchmark assessments as part of the media specialist's Student Growth Objective (SGO). Follow up diagnostic assessments are used to target skill remediation. Student proficiency allows for additional or alternative assessment based on demonstration or absence of skill.

The performance tasks listed below are examples of the types of assessments teachers may use in the classroom and the data collected by the district to track student progress.

- Benchmark: Students demonstrate proficiency in using OPAC to search, identify necessary information, and locating materials through an optional SGO Benchmark Assessment.
- Formative: If needed, students will seek assistance from peers or media specialist.
- Formative: Students utilize OPAC to identify the title, author, availability, and location of searched material.
- Formative: Students will identify and locate the different areas of the library media center.
- Formative: Students will use the call number to locate a book within the library media center.
- Summative: Students will participate in a library scavenger hunt utilizing the OPAC to identify the availability and location of specific material and locate that material independently.
- Summative: Students will self-assess their performance.

Learning Plan

Media Specialists may personalize instruction during this unit and address the distinct learning needs, interests, aspirations, or cultural backgrounds of individual students.

Media Specialists at the elementary level design their own unique lesson plans in order to incorporate the essential questions provided in this unit. The order in which this information is presented is dependent upon the variables specific to each elementary school community.

Learning Plan Overview:

- Introduce key vocabulary: laptop, mouse, computer, OPAC, library search, author search, title search, subject search, call number.
- Demonstrate proper handling of technology tools.
- Instruct students on the OPAC, giving guided practice.

Week One: Give Pre Assessment of skills to be taught in unit, and continue with usual book hunt/check out procedure.

Week Two: How to use the OPAC (Destiny) Introduce topic using Part One of Google Slides (Library Search Second Grade) Identify search options including author, title, subject, and continue with usual book hunt/check out procedure.

Week Three: Continue lesson with Part Two of Google Slides Interpreting search results and locating a book on the library shelf, and continue with usual book hunt/check out. procedure.

Week Four/Five: Continue guided practice utilizing OPAC, and continue with usual book hunt/check out procedure.

Week Six: Give assessment of skills learned in unit, and continue with usual book hunt/check out procedure.

Library Search ([Google Slides](#))

Library Search ([Worksheet](#))

Library Search SGO ([Optional Benchmark Assessment](#))

- Demonstrate proper handling of technology tools.
- Instruct students on the OPAC, giving guided practice.
- Introduce key vocabulary: laptop (chromebook), mouse, computer, OPAC, library search, author search, title search, subject search, call number.
- Mini lessons may include: How to use the OPAC (Destiny), Identify search options including author, title, subject, and Interpreting search results.
- Preview the essential questions and connect to learning throughout the unit.

Materials

The materials used in this course allow for integration of a variety of instructional, enrichment, and intervention materials that support student learners at all levels in the school and home environments. Associated web content and media sources are infused into the unit as applicable and available.

Suggested Supplemental Resources:

- Scavenger Hunt ([Link Here](#))
 - Library Mad Libs ([Story Sheet](#))
 - Library Search ([Google Slides](#))
 - Library Search ([Worksheet](#))
 - Library Search ([Benchmark Assessment](#))
-
- Chromebooks/tablets/ipads
 - Interactive Smart Panel technology
 - Media Specialist produced interactive materials/presentations/visual aids
 - OPAC (Destiny)
 - Presentation software

Suggested Strategies for Modifications

[Content specific accommodations and modifications as well as Career Ready Practices are listed here](#) for all students, including: Special Education, English Language Learners, At Risk of School Failure, Gifted and Talented, Students with 504.
