Evidence/Performance Tasks

Developmental progression across years in both reading and writing is evidenced by multiple benchmark assessment screeners, administered three times per year. Follow up diagnostic assessments are used to target skill remediation. Student proficiency allows for additional or alternative assessment based on demonstration

or absence of skill.

Students demonstrate differentiated proficiency through both formative and summative assessments in the classroom. Based on individual student readiness and performance, assessments can be implemented as formative and/or summative.

The performance tasks listed below are examples of the types of assessments teachers may use in the classroom and the data collected by the district to track student progress.

- Teacher observations/conferring notes
- Turn and talks
- Partnerships rehearsing their writing
- Peer Conferences/Partnership Discussion and Rehearsing
- Writer's Notebook (quick writes/drafts/prewrites)

Learning Plan

Middle School Writing instruction follows a balanced literacy approach including a number of strategies and techniques in Writing Workshop. These include mini-lessons, shared writing, independent writing, small group strategy instruction, one-to-one conferencing, partnerships and/or writing clubs. Writing Workshop emphasizes immersion, independence, and choice. Individual conferences with each student will address specific needs of the writer. Each unit ends with a celebration of learning where writers share their work with others in the school community.

Lessons should follow the mini-lesson format:

- Teaching point(s) for each lesson
- Connection: Connects new learning to previous learning/lessons
- Teach/Modeling: Uses ‘think alouds’ when modeling what you expect students to do
- Guided Practice/Active Engagement: Guides students through practice of the teaching point
- Link to Independent Practice: Helps writers understand the purpose for the writing they are about to do and the skills/craft they will be practicing/applying independently as good writers
- Independent Writing/Student Conferences: Provides time for students to do independent writing while teacher confers with individual students, works with small groups, or writing clubs.
- Closure/Sharing: Pull students back together and recognize the work they have done relating to the teaching point.

The architecture of a writing conference includes:

- Research
- Decide
- Teach and Coach with guided practice
- Link

Throughout the year, students write in all modes of rhetoric including narration/description, argument/persuasion, and exposition. A variety of writing forms, including digital writing, are emphasized. Grammar lessons are embedded in writing instruction, holding students accountable for skills taught and practiced; modeling is done through published and student-crafted mentor texts. Teachers focus equally on process and product with an emphasis on synthesizing across texts for nuanced understandings; teacher-created multi-modal text sets will be used as materials. High-and low-stakes writing and timed and untimed

assignments will be used throughout the unit.

Teachers may personalize instruction during this unit and address the distinct learning needs, interests, aspirations, or cultural backgrounds of individual students.

Sentence study teaches syntax, diction, grammar, and punctuation. Students will learn how to write like an author by mimicking specific sentence patterns and applying it to their own writing. Please see [this grade level folder](#) for details.

This unit of study focuses on the study of author's crafts and their use in poetry. Students will learn to model various crafts and devices and incorporate them into their own writing.

Students will use poetry to provide a deeper understanding of themselves, others and world around them. Students will write with an audience and purpose in mind. They will practice

incorporating difference sentences structures and punctuation.

For this particular unit, teachers should...

- Prepare materials for discussion, writing, and synthesis
- Select mentor texts for modeling
- Prepare for conferences with students
- Prepare materials for review of literary devices
- Create formative and summative assessments
