

Unit 3: Photoshop and Digital Imaging (Graphic Design 1 9/12)

Content Area: **Art**
Course(s): **Graphic Design I**
Time Period: **1 marking period**
Length: **10 Weeks**
Status: **Published**

Unit Overview

In this unit, Students will be exposed to digitally manipulating images, basic photography, and altering typography. Students will use industry standard tools and functions to create new artwork reflecting personal choice and stylistic nuance. Projects will contain product design and advertising while allowing the student to master tools and functions including but not limited to: Selection Tools, cropping, Type, superimposing, changing color, layer masks, layers palette and much more.

Established Goals

revisit this section

Transfer

By the end of this unit, students will be able to create, reproduce, and digitize any image, while understanding shortcuts, tools, and palettes necessary to complete any task with limited questions asked.

Meaning

Understandings

Students will understand that...

Photoshop is the keystone and industry standard for photo manipulation, advertising, and professional graphic design. Students will be able to create individual images from found images, edit their own photography, and create professional images ready for printing.

Layers palette

Marquee tools: Marquee Selection, Lasso tool, Magnetic Lasso

Copy, Cut & Paste between layers and documents

Curves

Levels

Exposure

Color Adjustments

Layer Styles

Filters

Essential Questions

Students will keep considering...

1. How they could use techniques or styles in a professional setting
2. Shortcuts to tools and functions

Application of Knowledge and Skill

Students will create a compilation of artwork by applying knowledge of navigating through the Adobe Photoshop's tools and functions while using skills accumulated from previous art units and classes.

Students will know...

- How to view each other's artwork critically, while offering suggestions on how to make it better.
- When is enough enough? Is it over designed?
- Does the typography make sense with the subject matter, why?

CLASS CRITIQUES

Summative Assessment

Proficiency Scale

Proficiency Scale		
Score 4.0:	In addition to Score 3.0, in-depth inferences and application that go beyond what is taught.	Sample Tasks Student develops photographic styles and works outside of the graphic design studio to enhance their photography and photo editing skills. Furthermore, student researches tutorials for additional PS knowledge.
	3.5 In addition to score 3.0, in-depth inferences and applications with partial success.	
Score 3.0	The student:	Assesement projects for Clone

	<ul style="list-style-type: none">completes project clean, intime, and shows appropriate use of tools and functions. <p>The student exhibits no major errors or omissions.</p>	Stamp Assessment Projects for selection tools Assessment Projects for Layer Styles
	2.5	No major errors or omissions regarding 2.0 content and partial knowledge of 3.0 content.
Score 2.0		There are no major errors or omissions regarding the simpler details and processes as the student: <ul style="list-style-type: none">1-3 day practice assignments <p>However, the student exhibits major errors or omissions regarding the more complex ideas and processes.</p>
	1.5	Partial knowledge of the 2.0 content but major errors or omissions regarding the 3.0 content.
Score 1.0		With help, a partial understanding of some of the simpler details and processes and some of the more complex ideas and processes.
	0.5	With help, a partial understanding of the 2.0 content but not the 3.0 content.
Score 0.0		Even with help, no understanding or skill demonstrated.
		student can not comprehend or complete basic tasks and funtions in photoshop
