Meaning

Understandings

Students will understand that...

- The Dewey Decimal System is an organizational system that is arranged into ten main subjects.
- That all materials located within the library are cataloged in the online card catalog and it will provide the exact location of the material.
- Keywords are the most important words related to a subject; when you use more words, you get fewer results.
- When searching the library catalog, the words you choose will affect your results.

- A call number is the address for a library book. It tells in which section the book can be found.
- The call number is shown in the online card catalog (Destiny) and will tell them exactly where they can find the book.
- Fiction books are arranged alphabetically by the author's last name.
- Nonfiction books are arranged numerically according to the Dewey Decimal System.

Essential Questions

Students will keep considering...

- How can I use the online catalog to find a book in the library?
- What are keywords?
- Is it better to use more than one keyword in a search?
- What is the Dewey Decimal System?
- How can the Dewey Decimal System help me find a book?
- How are materials organized in the library?
- What is a call number?
