CRP.K-12.CRP2.1	Career-ready individuals readily access and use the knowledge and skills acquired through
	experience and education to be more productive. They make connections between

abstract concepts with real-world applications, and they make correct insights about when

it is appropriate to apply the use of an academic skill in a workplace situation.

CRP.K-12.CRP10.1 Career-ready individuals take personal ownership of their own education and career goals,

and they regularly act on a plan to attain these goals. They understand their own career interests, preferences, goals, and requirements. They have perspective regarding the pathways available to them and the time, effort, experience and other requirements to pursue each, including a path of entrepreneurship. They recognize the value of each step in the education and experiential process, and they recognize that nearly all career paths require ongoing education and experience. They seek counselors, mentors, and other

experts to assist in the planning and execution of career and personal goals.
