

Unit 2 - The Challenge of Utopia

Content Area: **English Language Arts**
Course(s): **Generic Course**
Time Period: **Generic Time Period**
Length: **35-38 days**
Status: **Published**

Unit Overview

We probably all agree that we would like to live in an ideal society where everyone is free and happy, but what does that actually mean, and why do definitions of the ideal society differ so greatly? In this unit, you will read, write, and engage in various types of collaborative discussions to explore these universal questions. Then you will move from discussion and explanation into debate and effective argumentation as you research and develop a claim about a contemporary issue.

The year was 2081, and everyone was finally equal. They weren't only equal before God and the law. They were equal every which way. Nobody was smarter than anybody else. Nobody was better looking than anybody else. Nobody was stronger or quicker than anybody else.

-from "Harrison Bergeron" by Kurt Vonnegut
