

Unit 1: Taking Action in Emergencies

Content Area: **Health**
Course(s): **First Aid**
Time Period: **1 marking period**
Length: **2 Weeks**
Status: **Published**

Unit Overview

This unit provides a basic overview of providing first aid in various situations. Topics that will be covered include responding to common and life threatening emergencies and the action steps to follow to provide basic first aid. Properly administered first aid can prevent or reduce the effects of an injury and could be the difference between life and death.

Transfer

Students will be able to independently use their learning to...

- effectively respond to emergency situations.
- administer basic first aid to an injured person.
- recognize different types of injuries and how to care for them.

For more information, read the following article by Grant Wiggins.

Learning Goal 1

Understand the importance of learning first aid to be able to respond quickly in emergency situations to

minimize injuries and save lives.

- Understand the importance of learning first aid to be able to respond quickly in emergency situations to minimize injuries and save lives.

HPE.2.1.12.D.6

Demonstrate first-aid procedures, including Basic Life Support and automatic external defibrillation, caring for head trauma, bone and joint emergencies, caring for cold and heat injuries, and responding to medical emergencies.

HPE.2.1.12.D.CS2

Applying first-aid procedures can minimize injury and save lives.

Target 1

Students will be able to apply the emergency action steps in emergency situations.

- Students will be able to apply the emergency action steps in emergency situations.

Target 2

Students will be able to identify the steps for responding to common and life-threatening emergencies.

-
- Students will be able to identify the steps for responding to common and life-threatening emergencies.

Summative Assessment

* Notebooks

* Quizzes

* Tests

* Projects

* Benchmark

CRP.K-12.CRP1	Act as a responsible and contributing citizen and employee.
CRP.K-12.CRP2	Apply appropriate academic and technical skills.
CRP.K-12.CRP3	Attend to personal health and financial well-being.
CRP.K-12.CRP4	Communicate clearly and effectively and with reason.
CRP.K-12.CRP7	Employ valid and reliable research strategies.
CRP.K-12.CRP8	Utilize critical thinking to make sense of problems and persevere in solving them.
CRP.K-12.CRP11	Use technology to enhance productivity.
CRP.K-12.CRP12	Work productively in teams while using cultural global competence.

Formative Assessment and Performance Opportunities

- * Teacher observation
- * Class participation
- * Discussions
- * Homework
- * Notebook

Differentiation/Enrichment

- * Modifications as per IEP/ 504 plans
- * Google classroom resources (powerpoint, guided notes)
- * Small group activities
- * Reteaching opportunities in textbook
- * Directed reading
- * Inclusion strategies in textbook
- * Motivating activities in textbook
