

Unit 05- Elements of Art: Color, Elements, Principles (Adv)

Content Area: **Performing Arts**
Course(s): **Animation**
Time Period: **Full Year**
Length: **1 weeks**
Status: **Published**

State Mandated Topics Addressed in this Unit

State Mandated Topics Addressed in this Unit

N/A

Elements of Art: Color, Elements, Principles

Essential Skills

- "Color"
- "Form"
- "Line"
- "Shape"
- "Space"
- "Texture"
- "Value"
- Color Meanings
- Color Schemes
- Color Wheel
- Colors
- Elements of Art
- Principles of Art
- Rule of Thirds
- Title/Action Safe

Learning Objectives

- Compose a full-fledged animation from start to finish distinguishing essential animation techniques and constructing an integration of animation history.

- Demonstrate structural knowledge of software utilized in the visual arts (e.g., Adobe Photoshop, Animate, After Effects, and Premiere).
- Demonstrate understanding of key art principles.
- Developing a unique style in art.
- Integrate the art of graphic design to illustrate works that reflect a structural proficiency with graphic design tools and a specification of various historic and cultural design styles.
- Integrate the elements of art into their works that reflect a structural proficiency with art principles.
- Utilize industry vocabulary when communicating to others about their work and explaining their own work to classmates.

Education Standards

VA.K-2.1.5.2.Cr1	Generating and conceptualizing ideas.
VA.K-2.1.5.2.Cr2	Organizing and developing ideas.
VA.K-2.1.5.2.Cr3	Refining and completing products.
VA.K-2.1.5.2.Cr3a	Explain the process of making art, using art vocabulary. Discuss and reflect with peers about choices made while creating art.
VA.K-2.1.5.2.Pr	Presenting
VA.K-2.1.5.2.Pr4	Selecting, analyzing, and interpreting work.
LA.K-12.NJSLSA.W2	Write informative/explanatory texts to examine and convey complex ideas and information clearly and accurately through the effective selection, organization, and analysis of content.
LA.K-12.NJSLSA.W4	Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.
MA.9-12.1.2.12adv.Pr5	Developing and refining techniques and models or steps needed to create products.
VA.K-2.1.5.2.Pr6	Conveying meaning through art.
VA.K-2.1.5.2.Re8	Interpreting intent and meaning.
VA.K-2.1.5.2.Re9	Applying criteria to evaluate products.
VA.K-2.1.5.2.Re9a	Use art vocabulary to explain preferences in selecting and classifying artwork.
VA.K-2.1.5.2.Cn10	Synthesizing and relating knowledge and personal experiences to create products.
VA.K-2.1.5.2.Cn10a	Create art that tells a story or describes life events in home, school and community.
VPA.1.3.P.D.2	Create two and three-dimensional works of art while exploring color, line, shape, form, texture, and space.
VPA.1.3.P.D.3	Use vocabulary to describe various art forms (e.g., photographs, sculpture), artists (e.g. illustrator, sculptor, photographer), and elements in the visual arts.
VPA.1.3.P.D.5	Demonstrate planning, persistence, and problem-solving skills while working independently, or with others, during the creative process.
VPA.1.4.P	All students will demonstrate and apply an understanding of arts philosophies, judgment, and analysis to works of art in dance, music, theatre, and visual art.

Instructional Tasks/Activities

Learning Tasks

- Animation Observation: Observe different animation styles and techniques via animated movie/series. Will also observe the method of storytelling delivered
- Animation Principles: Explore key animation principles such as timing, easing, and layering to enhance the visual appeal of projects.
- Animation Production: Crafting a piece that fulfills the requirements of the assignment
- Animation Techniques: Exploring other animation techniques and styles.
- Audio and Sound: Understanding best practices for adding sound and effects to animations with minimal compression.
- Career Reflection: Observe lectures and/or videos about possible career paths of that adjacent to animation.
- Character Design: Utilize character design techniques, appeal and solid drawing to create a compelling design.
- Communication: Design elements effectively communicate desired information/lessons through the design
- Compositing: Creating a singular composition out of multiple parts that are cohesive and finalized with all lighting and effects.
- Critique: Review (and defend) choices made for assignments in front of peers using the language learned in class. Offer each other suggestions when possible.
- Design Layout: Crafting compelling designs to gain and hold interest of others
- Editing: Learn to use advanced editing software and tools for more complex video editing tasks to create a fully realized video from multiple pieces.
- Formal Assessment: Standard format test evaluating concept and terms in the unit
- History Lecture: Observe a presentation about historical people and/or moments in the topic's timeline
- Pitch Development: Creating a well organized proposal compiled of different pre-production aspects like concept, mood board, storyboards, character design, color palette, and more.
- Plot Development: Crafting a compelling narrative that engages the audience.
- Post Production: Edits of sound, audio, and adding final effects to bring across the polished final
- Presentation: Be able to stand up and deliver a presentation to their peers practicing oral skills and confidence
- Production: Utilize animation techniques to illustrate the intended story over time
- Program Basics (Applied): Apply recent demo information on how to utilize a program in the format recently observed
- Program Basics: Observe and follow along with a walkthrough of a program or technique demoed in class
- Reflection (Project): Reflect and write about experience working on the latest project in class using complete sentences (and proper grammar).
- Reflection: Write and reflect on the video viewed in class using complete sentences and (proper grammar).
- Rendering and Exporting: Utilize the best practices for rendering animations for various platforms to ensure quality and compatibility.
- Review (Gimkit): Test and apply knowledge in a game setting (either individual play for group play)

- Story Analysis: Organized discussion about the story observed (read or watched) to understand what the plot was/compared it to others recently reviewed
- Storyboarding: Create a series of storyboards to visually illustrate the intent of the story
- Techniques Lecture: Observe a presentation about an aspect of design that would elevate their work (layout, color, animation, composition, lighting, perspective....)
- Understanding Workflows: Students will learn the different steps of pre-production, production, and post-production
- Worksheet: Test and apply knowledge of reviewed material prior to major exam (may be in unconventional format)

Lessons

- "Match the Meaning"
- Coloring Pages
- Elements of Art illustrations
- Found Color Wheel
- Gimkit/Game Review
- OTHER (See Lesson Plan)

Assessment Procedure

- Classwork (homework if not finished)
- Demo
- Discussions
- Exit Ticket/Entrance Ticket/Do Now
- GimKit
- Observation
- Other- Specified in Lesson
- Peer Review/Critique
- Project
- Quiz/Test
- Reflection/Self Assessment
- Research
- Rubric based assessment
- Teacher Collected Data
- Worksheet

Recommended Technology Activities

Technology students might access for lesson:

- Adobe CC Applications
- Apple iMac Computers
- DaFont
- Digital Drawing Tablets
- EdPuzzle
- Educational Social Media
- GimKit
- Google Classroom
- Google Docs
- Google Forms
- Google Slides
- Kahoot
- Khan Academy
- Other- Specified in Lesson
- Quizizz
- YouTube

Accommodations - Modifications & Differentiation

Accommodations and Modifications should be used to meet individual needs. Their IEP and 504 plans should be used in addition to the following suggestions.

Instruction/Materials

- Alter format of materials (type/highlight, video, etc.)
- Eliminate answers
- Except oral submissions
- Extended time
- Large Print
- Modified test
- Modify Assignments as Needed
- Necessary Assignments Only
- Other (specify in plans)
- Provide assistance and cues for transitions
- Provide daily assignment list
- Read class materials orally
- Reduce work load
- Shorten Assignments

- Study guide/Outline

Special Education

Accommodations and Modifications should be used to meet individual needs. Their IEP and 504 plans should be used in addition to the following suggestions.

Environment

- alter physical room environment
- assign peer tutors/work buddies/note takers
- assign preferential seating
- individualized instruction/small group
- modify student schedule (Describe)
- other- please specify in plans
- provide desktop list/formula

Gifted + Talented

- Compare & Contrast
- Conferencing
- Debates
- Jigsaw
- Peer Partner Learning
- Problem Solving
- Structured Controversy
- Think, Pair, Share
- Tutorial Groups

Resources

- Cloud based applications for online work
