Rhythmic Mastery and Expression for Instrumental and Vocal Music

This unit develops students' deep understanding of rhythmic interpretation, focusing on note values, rests, meter, and rhythmic styles in both instrumental and vocal settings. Students will explore the swing and straight eighth-note feel, accurately count and perform rhythms using whole to thirty-second notes and rests, and apply metric divisions within various time signatures including common, cut, simple duple, triple, and compound meters. Through performance, analysis, composition, and transcription activities, students will enhance their rhythmic precision and expressive capabilities on their major instrument or voice.
