Drawing Basics Summary

Unit 1, Drawing Basics, introduces artists to the richly expressive and technical world of drawing and presents a visual toolkit for artmaking and art reading. This course will outline the visual building blocks, the Elements of Art, in a series of projects that explore traditional components to drawing. Questions that will examine the artist's understanding of what we see vs. what we think we see will ground observational assignments such as still lifes and technique studies. These foundational projects and exercises will focus on line, texture, shape, and value. Artists will work in drawing pencil (graphite,) ink, and charcoal during the course of this unit.

Learning Objectives

- Compare and contrast visual aids in drawing
- Complete a still life drawing from in-class observation/life
