Unit Summary

The purpose of this unit is for students to utilize safe, efficient and effective movement to develop and maintain a healthy, active lifestyle. Students will learn how to master movements that transfer to real world athletic performance and/or everyday tasks. All students will utilize safe, efficient and effective movement to develop and maintain a healthy, active lifestyle. Individuals who learn to move safely, effectively and efficiently and feel comfortable and confident in the performance of motor skills are more likely to participate in health-enhancing forms of physical activity throughout life.

Standards

HE.9-12.2.2.12.PF.1	Compare the short- and long-term benefits of physical activity and the impact on wellness associated with physical, mental, emotional fitness through one's lifetime.
HE.9-12.2.2.12.PF.2	Respect and appreciate all levels of ability and encourage with care during all physical activities.
HE.9-12.2.2.12.MSC.1	Explain and demonstrate ways to apply movement skills from one game, sport, aerobics, or recreational activity to another including striking skills (e.g., tennis, badminton, ping pong, racquetball, pickle ball).
HE.9-12.2.2.12.MSC.2	Analyze application of force and motion (e.g., weight transfer, power, speed, agility, range of motion) and modify movement to impact performance.
HE.9-12.2.2.12.MSC.4	Analyze etiquette, responsibilities, and preparation of players, officials, trainers, and other participants and recommend strategies to improve their performance, participation, and behavior.
HE.9-12.2.2.12.MSC.5	Develop rule changes to existing games, sports, and activities that enhance participation, safety, and enjoyment.

Learning Objectives

- Describe the role, responsibilities, and preparation of players
- Explain the rules/regulations of the game of the day
- Identify proper and improper play of other participants
- Perform proper and legal techniques of basic skills for various team sports
- Recognize strategies to improve their performance

Essential Skills

- How can I become more mentally prepared for competition and sports performance?
- How does effective and appropriate movement affect wellness?
- To what extent does strategy influence performance in competitive games and activities?
- Why do I have to show good sportsmanship and follow the rules when others do not?
- Why do I have to understand concepts of movement when I can already perform the movement?
- Why is it important to study physical education?

Enduring Understanding

- Implementing effective offensive, defensive and cooperative strategies is necessary for all players to be successful in game situations.
- In order for all participants and spectators to experience the maximum benefit from games and sports, everyone must demonstrate knowledge and commitment to sportsmanship, rules and safety guidelines.
- Knowing and understanding concepts of movement will improve performance in a specific skill and provide the foundation for transfer of skills in a variety of sports and activities.
- Performing movement skills in a technically correct manner improves overall performance and increases the likelihood of participation in lifelong physical activity.
- Sport psychology techniques prepare athletes to compete at the optimum level.
