

Grade 7 Unit 4: Earth Systems

Pacing Guide using Inspire Science Earth and Space Unit 4

1 day = 1 hour period

-This is an incredibly LONG unit from Inspire.

-Based on the standards, we will only cover portions of each module in order to meet our time constraints.

Module 1 - Lesson 2

Module 2 - Lessons 2, 4, 5

Module 3 - Lesson 2

Module 4 - Lesson 1, 3 (only hurricanes & predicting severe weather)

*Even with all the cuts, this unit is paced out to 74 days. Teachers will have to make instructional decisions regarding which Investigation and Labs to include in order to save time in the pacing guide. This unit should take 1 marking period total.
