- 6.2.8.HistoryCC.4.c: Assess the demographic, economic, and religious impact of the plague on Europe.
- 6.2.8.HistoryCC.4.d: Analyze the causes and outcomes of the Crusades from different perspectives, including the perspectives of European political and religious leaders, the crusaders, Jews, Muslims, and traders.

Rationale & Transfer Goals

Students will learn how Europe rebuilt itself after the fall of the Roman Empire. The focus of this unit will be on the formation of small war-states, the effects of geography on society, the spread of Christianity, how religion and politics blended in an attempt to provide security to the community, and the causes that led to the fall of feudalism.

Students will be completing various skill based activities, including graphic organizers and maps, which will help them to think analytically and critically about the main ideas of nonfiction-based information. They will complete shorter time-period relevant readings, including primary sources. Various projects will be assigned to allow students to use their knowledge of reading, writing, speaking, listening, and 21st century media to explore instances of themes of this unit in real life settings. The students will show mastery of the unit through a test that encompasses content knowledge, a primary source, a map, and an open ended question.

Interdisciplinary Connections - How does this content impact the following groups

- Technology
 - 8.1.8.DA.1: Organize and transform data collected using computational tools to make it usable for a specific purpose.

Arts

- 1.2.8.Cr1a: Generate a variety of ideas, goals and solutions for media artworks using creative processes such as sketching, brainstorming, improvising, and prototyping with increased proficiency, divergent thinking, and opportunity for student choice.
- 1.2.8.Pr6a: Analyze and design various presentation formats and tasks in the presentation and/or distribution of media artworks.
- 1.2.8.Re7a: Compare, contrast and analyze the qualities of and relationships between the components and style in media artworks.
- 1.2.8.Re8a: Analyze the intent and meanings and context of a variety of media artworks, focusing on intentions, forms, and detect bias, opinion, and stereotypes.
- 1.2.8.Cn10a: Access, evaluate and use internal and external resources to inform the creation of media artworks, such as cultural and societal knowledge, research and exemplary works.

Math

- 7.EE.B : Solve real-life and mathematical problems using numerical and algebraic expressions and equations.

Language Arts - Various literacy activities and strategies.

- NJSLSA.R1. Read closely to determine what the text says explicitly and to make logical inferences and relevant connections from it; cite specific textual evidence when writing or speaking to support conclusions drawn from the text.
- NJSLSA.R2. Determine central ideas or themes of a text and analyze their development; summarize the key supporting details and ideas.
- NJSLSA.R4. Interpret words and phrases as they are used in a text, including determining technical, connotative, and figurative meanings, and analyze how specific word choices shape meaning or tone.
- NJSLSA.R6. Assess how point of view or purpose shapes the content and style of a text.
- NJSLSA.R7. Integrate and evaluate content presented in diverse media and formats, including visually and quantitatively, as well as in words.
- NJSLSA.R8. Delineate and evaluate the argument and specific claims in a text, including the validity of the reasoning as well as the relevance and sufficiency of the evidence.
- NJSLSA.R9 Analyze and reflect on how two or more texts address similar themes or topics in order to build knowledge or to compare the approaches the authors take.
- NJSLSA.R10. Read and comprehend complex literary and informational texts independently and proficiently with scaffolding as needed.
- RL.7.1. Cite several pieces of textual evidence and make relevant connections to support analysis of what the text says explicitly as well as inferences drawn from the text.
- RL.7.2. Determine a theme or central idea of a text and analyze its development over the course of the

text; provide an objective summary of the text.

- RL.7.9. Compare, contrast and reflect on (e.g. practical knowledge, historical/cultural context, and background knowledge) a fictional portrayal of a time, place, or character and a historical account of the same period as a means of understanding how authors of fiction use or alter history.
- RL.7.10. By the end of the year read and comprehend literature, including stories, dramas, and poems at grade level text-complexity or above, scaffolding as needed.
- RI.7.1. Cite several pieces of textual evidence and make relevant connections to support analysis of what the text says explicitly as well as inferences drawn from the text.
- RI.7.2. Determine two or more central ideas in a text and analyze their development over the course of the text; provide an objective summary of the text.
- RI.7.3. Analyze the interactions between individuals, events, and ideas in a text (e.g., how ideas influence individuals or events, or how individuals influence ideas or events).
- RI.7.4. Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze the impact of a specific word choice on meaning and tone.
- RI.7.5. Analyze the structure an author uses to organize a text, including how the major sections contribute to the whole and to the development of the ideas.
- RI.7.6. Determine an author's point of view or purpose in a text and analyze how the author distinguishes his or her position from that of others.
- RI.7.7. Compare and contrast a text to an audio, video, or multimedia version of the text, analyzing each medium's portrayal of the subject (e.g., how the delivery of a speech affects the impact of the words).
- RI.7.8. Trace and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims.
- RI.7.9. Analyze and reflect on (e.g. practical knowledge, historical/cultural context, and background knowledge) how two or more authors writing about the same topic shape their presentations of key information by emphasizing different evidence or advancing different interpretations of facts.
- RI.7.10. By the end of the year read and comprehend literary nonfiction at grade level text-complexity or above, with scaffolding as needed.

Science

- MS-ESS3-2: Analyze and interpret data on natural hazards to forecast future catastrophic events and inform the development of technologies to mitigate their effects.
- MS-ESS3-3: Apply scientific principles to design a method for monitoring and minimizing a human impact on the environment.
