

Intro to Theatre - Unit 5 - Technical Aspects of Theater

Content Area:

Course(s):

Time Period: **September**

Length: **2 Weeks**

Status: **Published**

Targeted Standards

VPA.1.1.12	All students will demonstrate an understanding of the elements and principles that govern the creation of works of art in dance, music, theatre, and visual art.
VPA.1.3.12	All students will synthesize those skills, media, methods, and technologies appropriate to creating, performing, and/or presenting works of art in dance, music, theatre, and visual art.

Rationale & Transfer Goals

Students will choose an area of technical theatre that interests them (designing- sets, costumes, props, special effects, make-up, hair, lights, etc) and create a design of a selected play or musical in that area of technical theatre. This will allow them to use all the knowledge they have learned so far in theatre and apply it to an area of tech that they could be interested in as a career. As an intro level class this unit is just to get their feet wet and intrigue them in the are of technical theatre.
