Rationale & Transfer Goals

Cinco de Mayo means the 5th of May in English. It is not Mexico's Independence Day. This is a time when individuals living in Mexico and the United States celebrate and commemorate the victory the Mexican army had over French soldiers at the 1862 Battle of Puebla in Puebla, Mexico. The purpose of this unit is to teach students about the holiday including how and why it is celebrated. Students will learn that people celebrate the Mexican-American culture and heritage with parties, dancing, parades, music, and delicious food.

Enduring Understandings

Students will understand the significance of the holiday of Cinco de Mayo and that it is not an Independence Day for Mexicans.
