## Rationale

The theme of this unit revolves around Who Am I. Recommended texts include informational texts from district-approved materials. Through these texts, students will learn about exploring identity and allowing individuals to understand and articulate their unique attributes, experiences, and roles within society. By the end of this unit, students will understand that the Social Hierarchy of each society has been evident for centuries and attempts to force individuals to conform to the norms that are set.

Mastery of this unit will be demonstrated through a culminating project where students select a topic, conduct research, and collaborate with classmates. This project will include writing a research essay supported by reasons and evidence from credible sources. This research essay will evaluate students' ability to integrate information from multiple texts on the same topic and their ability to analyze and synthesize information in order to write about that topic. Additionally, mastery will be assessed through a benchmark test evaluating

students' ability to determine the structures of informational texts, cite textual evidence, draw conclusions, and analyze the central idea.
