Rationale

Greek mythology is full of exciting stories that have fascinated people for centuries. These myths help us learn about ancient Greek culture and still influence modern books, movies, and art. Studying Greek mythology at the end of the school year lets students explore these timeless stories, encouraging creativity and critical thinking.

The writing focus on explanatory writing allows students to demonstrate the knowledge of mythology they have gleaned from the unit and sets them up for next school year when they will study history in 10th grade as well as the literature in ELA II.

The Benchmark focuses on the myth of Athena and Poseidon's contest for the city of Athens which builds on their knowledge of the gods and goddesses of Greek mythology.

The writing task asks students to explain how Athena and Poseidon's character traits contribute to the themes of the story. This assesses the skills taught of writing informative and explanatory pieces.
