Rationale

This unit on civilization and savagery, centered on *Lord of the Flies*, helps students understand how societal structures impact human behavior. By analyzing the tension between order and chaos, students learn to recognize these dynamics in their own lives. This prepares them to navigate complex social situations and make informed decisions. These skills are crucial for their future academic success and personal growth.

At the end of the unit, students will demonstrate mastery of the standards and skills through a benchmark and summative assessment. The benchmark assessment will evaluate their ability to analyze and interpret the theme of civilization and savagery in *Lord of the Flies*, using textual evidence and critical thinking. For the summative assessment, students will write a well-organized research paper that synthesizes insights from the novel and additional sources, showcasing their understanding of how societal structures influence behavior. These assessments will confirm their proficiency in both analytical and research writing skills.
