Rationale & Transfer Goals

Students will discuss how Pitch is one of the basic elements of music. Stringing pitches together creates melody and harmony. An understanding of pitch, melody, harmony, and music notation as it relates to pitch are essential to basic music literacy. Students will explore Melody by singing, performing on instruments, improvising and composing melodies, and melodic accompaniments.

Enduring Understandings

- Melody is one of the building blocks for the creation of music.
- Melody can evoke an emotional response.
- Music has a melodic structure which can be felt, perceived, performed, and notated.
- Standard music notation allows composers and performers around the world a system for visually representing pitch, rhythm, and expressive qualities, so that music can be performed and remembered over long periods of time.
- Melody is a succession of pitches strung together
- Melody has shape

Essential Questions

- Why do melodies with similar pitches sound different?
- Why is a standard system of music notation important?
- How do musicians use melodic contour to express their ideas?
- Does the listener need to know about the culture/genre from which a piece of music comes from in order to appreciate the piece?

Content - What students will know

- Create/improvise patterns that demonstrate melodic contour using manipulatives, instruments and/or body movement

- Sing using the correct solfege syllables
- Utilize 5-line staff to read pentatonic melodies
- Sing demonstrating the use of various articulations (legato, staccato)
- Demonstrate matching pitches
- Create musical phrases in response to a teacher prompt
- Develop a repertoire of songs from a variety of cultures and genres
- Use appropriate terminology when describing melody

Skills - What students will be able to do

- On pitched barred instruments or recorder, perform melodies in duple and triple meter, notated in treble clef, using note values from 8th-note to whole note/rest, pitches in pentatonic and diatonic scales, and dynamic changes.
- Read and sing melodies using note values from 8th-note to whole note/rest, and pitches in and pitches in pentatonic and diatonic scales.
- Sing rounds/canons, partner songs, and call and response, using correct posture, vocal placement, and breathing technique.
- Improvise vocal pieces in call-and-response form to a given vocal prompt; compose and perform an 8-bar melody for barred instrument or recorder, using a variety of note values and pentatonic pitches.
