## Unit Focus

---

This unit focuses on both leisure activities and careers in the United States, as well as the history of certain sports and institutions. The unit comprises two chapters, "Just for Fun" and "Making a Living". In this unit, students will be able to see what people in America spend their free time doing, what the most common sport are in the country, what career paths people follow and what is available to them and compare all these aspects to their experience in their home countries. The sub-emphasis that must be established in reading and writing is the listening and communication skills required of an L2 learner. This 9-week plan is to introduce and review target vocabulary in nouns, verbs, adjectives and prepositions and academic vocabulary. Students will practice these skills in writing and orally. Students will also be introduced to some figurative and idiomatic language while reading poetry, informational texts, descriptive fiction and biography. Students will also be introduced to the importance of sports in the Iroquois Tribe as we learn about Native American Heritage Month and winter holidays celebrated by the diverse people in the United States.
