

ESL 4 Unit 4

Content Area: **ESL**
Course(s): **ELA Grade 9, ELA Grade 10, ELA Grade 11, ELA Grade 12**
Time Period: **MP4**
Length: **45**
Status: **Published**

Unit Focus

This unit will be looking at our own bodies. How are we more alike than different? Humans share cells, tissues, and organs. Humans have 10 organ systems. Students will learn academic terminology in regard to anatomy.

NJSLS ELA

LA.L.9-10.1	Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.
LA.L.9-10.2	Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing.
LA.L.9-10.3	Apply knowledge of language to make effective choices for meaning, or style, and to comprehend more fully when reading, writing, speaking or listening.
LA.L.9-10.4	Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grades 9–10 reading and content, choosing flexibly from a range of strategies.
LA.L.9-10.6	Acquire and use accurately general academic and domain-specific words and phrases, sufficient for reading, writing, speaking, and listening at the college and career readiness level; demonstrate independence in gathering vocabulary knowledge when considering a word or phrase important to comprehension or expression.
LA.W.9-10.2	Write informative/explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately through the effective selection, organization, and analysis of content.
LA.W.9-10.4	Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)
LA.W.9-10.5	Develop and strengthen writing as needed by planning, revising, editing, rewriting, trying a

new approach, or consulting a style manual (such as MLA or APA Style), focusing on addressing what is most significant for a specific purpose and audience.

- LA.W.9-10.6 Use technology, including the Internet, to produce, share, and update individual or shared writing products, taking advantage of technology's capacity to link to other information and to display information flexibly and dynamically.
- LA.W.9-10.7 Conduct short as well as more sustained research projects to answer a question (including a self-generated question) or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.
- LA.W.9-10.8 Gather relevant information from multiple authoritative print and digital sources, using advanced searches effectively; assess the usefulness of each source in answering the research question; integrate information into the text selectively to maintain the flow of ideas, avoiding plagiarism and following a standard format for citation (MLA or APA Style Manuals).
- LA.W.9-10.10 Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences.
- LA.RI.9-10.1 Accurately cite strong and thorough textual evidence, (e.g., via discussion, written response, etc.) and make relevant connections, to support analysis of what the text says explicitly as well as inferentially, including determining where the text leaves matters uncertain.
- LA.RI.9-10.4 Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze the cumulative impact of specific word choices on meaning and tone (e.g., how the language of a court opinion differs from that of a newspaper).
- LA.RI.9-10.9 Analyze and reflect on (e.g., practical knowledge, historical/cultural context, and background knowledge) documents of historical and literary significance, (e.g., Washington's Farewell Address the Gettysburg Address, Roosevelt's Four Freedoms speech, King's "Letter from Birmingham Jail", Declaration of the Rights of Man and Citizen, U.N. Universal Declaration of Human Rights, etc.), including how they relate in terms of themes and significant concepts.
- LA.SL.9-10.1 Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with peers on grades 9–10 topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
- LA.SL.9-10.1.A Come to discussions prepared, having read and researched material under study; explicitly draw on that preparation by referring to evidence from texts and other research on the topic or issue to stimulate a thoughtful, well-reasoned exchange of ideas.
- LA.SL.9-10.1.D Respond thoughtfully to various perspectives, summarize points of agreement and disagreement, and justify own views. Make new connections in light of the evidence and reasoning presented.
- LA.SL.9-10.2 Integrate multiple sources of information presented in diverse media or formats (e.g., visually, quantitatively, qualitatively, orally) evaluating the credibility and accuracy of each source.
- LA.SL.9-10.3 Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric, identifying any false reasoning or distorted evidence.
- LA.SL.9-10.4 Present information, findings, and supporting evidence clearly, concisely, and logically. The content, organization, development, and style are appropriate to task, purpose, and audience.
- LA.SL.9-10.5 Make strategic use of digital media (e.g., textual, graphical, audio, visual, and interactive elements) in presentations to enhance findings, reasoning, and evidence and to add interest.

NJSLS and Correlating SLOs

WIDA Standards

- 2: Language for Language Arts
- 4: Language for Science
- 5: Language for Social Studies
- Establish an objective or neutral stance
 - Engage and adjust for audience
 - Develop and describe characters and their relationships over a progression of experiences or events
 - Establish and maintain a formal style and objective tone
 - Share solutions with others
 - State reasoning used to generate own or alternate solutions
 - Develop coherence and cohesion throughout text
 - Logically organize claims, counterclaims, reasons, and evidence; offer a conclusion with recommendations
 - Introduce and define topic and/or entity for audience
 - Develop story, advancing the plot and themes with complications and resolutions, time and event sequences
 - Add precision, details, and clarity about complex attributes, qualities, characteristics, activities, and conceptual relationships

Rationale, Transfer Goals, and Enduring Understandings

Our learning has taken students through the formation of planets, the evolution of humans, human behavior in the last 1000 years and to the present: our attitudes, bigotries, narrow/open-mindedness, interest, creativity, etc.... So how will we continue to evolve? Will our lifestyle influence future men? Lifestyle regarding nutrition, medicine, prevention, exercise, intercultural marriages, and our respect for our environment.

Essential Questions

Overarching Essential Question	Content-Specific	Skill Specific
<ul style="list-style-type: none">• What is the basis of all living things?• How does understanding anatomy help understand illness?• What proactive measures	<ul style="list-style-type: none">• What ELA tier 3 vocabulary words will the student have to acquire to do well in school?• Readers use resources to	<ul style="list-style-type: none">• Listening for understanding• Speaking for communication &

<p>can people take for their health?</p> <ul style="list-style-type: none"> • What are the results of collaboration? 	<p>determine the meaning of unknown words.</p> <ul style="list-style-type: none"> • Students use formal academic language when speaking and writing. • Writers convey their ideas in different forms of writing. • A knowledge base of human anatomy is important for prevention and care. 	<p>presentation</p> <ul style="list-style-type: none"> • Writing for communication and explanation (with conventions and mechanics) • Reading for comprehension (with reading strategies). • Writers convey ideas clearly using an organizational pattern. • Writers use evidence and facts from research to support the analysis of their writing.

9 RESOURCES		Champion tester	Supplemental Materials: Books: Books: Taking Care of My Skin, 1st Human Body Encyclopedia, Visual Dictionary, The Girl King			

Career Awareness, Exploration, Preparation, and Training

Students will be looking into the extensive fields of medicine or medi-affiliated careers. From technicians to practitioners to advanced surgical careers.

CAEP.9.2.12.C.4

Analyze how economic conditions and societal changes influence employment trends and future education.

21st Century Skills

CRP.K-12.CRP1

Act as a responsible and contributing citizen and employee.

CRP.K-12.CRP2

Apply appropriate academic and technical skills.

CRP.K-12.CRP4

Communicate clearly and effectively and with reason.

CRP.K-12.CRP5

Consider the environmental, social and economic impacts of decisions.

CRP.K-12.CRP7

Employ valid and reliable research strategies.

CRP.K-12.CRP8

Utilize critical thinking to make sense of problems and persevere in solving them.

CRP.K-12.CRP11

Use technology to enhance productivity.

Interdisciplinary Connections

Science & anatomy is key in this unit so students will explore various careers in health management. Research in famous females that have advanced medical and/or scientific knowledge in health.

SOC.9-12.1.1.1

Compare present and past events to evaluate the consequences of past decisions and to apply lessons learned.

SOC.9-12.1.3.3

Gather relevant information from multiple sources representing a wide range of views (including historians and experts) while using the date, context, and corroborative value of the sources to guide the selection.

9-12.HS-LS1-1.6.1

students investigate systems by examining the properties of different materials, the structures of different components, and their interconnections to reveal the system's function and/or solve a problem. They infer the functions and properties of natural and designed objects and systems from their overall structure, the way their components are shaped and used, and the molecular substructures of their various materials.
