

# ESL-LCD Level A- Unit 3-Emergent LoCasale

Content Area: **ESL**  
Course(s):  
Time Period: **MP3**  
Length: **45**  
Status: **Published**

## Unit Focus

---

This unit will focus on student collaboration, partner work, and transitioning from speaking in front of the teacher to speaking in front of classmates. A regular schedule of opportunities to speak will be embedded into weekly plans. From the simplistic (what do you see in this picture & point it out so we all see it) to a single slide presentation of research: EXAMPLE- "Who is/was Ben Franklin?" Vocabulary that is introduced and used will be common Tier 3 words found by the student, instructor, or provided by content area teachers from the school. Decoding and pronunciation will continue to be an integral part in lowering the affective filter for ML students when in general education classrooms.

## Rationale

---

The target is assimilation of the ML student into school life with diverse groups of people. Students with commonalities stay together, and by increasing their confidence level in speaking, the ML will feel more invested and integral to education. This stage at mid-year will lay the foundational vocabulary and sound system needed to begin accessing grade-level materials.

## WIDA Standards / ELP Standards
