

ESL-LCD Level B- Unit 2

Content Area: **ESL**
Course(s):
Time Period: **MP1**
Length: **45**
Status: **Published**

Unit Focus

Standards are integrated within each lesson to enable multilingual learners to work toward proficiency in English while learning content—developing the skills and confidence in listening, speaking, reading, and writing. The Unit will focus on basic vocabulary and content development around forests, the environment, banking, money, and economics.

WIDA Standards

Standard 1: The language for social and instructional purposes

Standard 2:: The language for Language Arts

Standard 3: The language for Mathematics

Standard 4: The language for Science

Lesson Summary

Unit3

African Grasslands -Students read a book about African grasslands. They identify important details in the text. They draw and write about African grasslands. They plan and deliver short oral presentations, and then they practice using direct and indirect objects.

Amazon Rainforest - Students read a book about the Amazon rainforest. They identify problems and solutions. They write about how people can help protect rainforests. They analyze a speaker's word choice, and then they practice using linking verbs.

Death Valley Desert - Students ask questions and identify important details in a text. They write about how to prepare for a visit to Death Valley. They give short speeches, and then they identify words that link sentences together.

Protecting Animals-Students read a book about protecting animals. They use text features to identify threats to animals and how to help them. They write about how they can protect animals. Then, they examine figurative language.

King of the Hill-Students read a poem about a fungus. They identify how the author used personification in the poem. They personify an object of their choosing. They create a persuasive commercial, and then they practice using the simple present tense.

Unit4

Buy It! History of Money - Students read a book about the history of money. They identify facts from the book. They write about how they can earn money. They practice using modal expressions, and then they use suffixes to determine word meanings.

Shopping Secrets- Students read a book about how grocery stores are organized. They identify main ideas and the details that support them. They design school supply stores and write about how store owners get people to spend more money. They actively listen to oral presentations, and then they use indirect objects in sentences.

The Best Yard Sale Ever- Students read a fictional narrative about two friends trying to raise money to see a concert. They identify and describe the characters' traits in the story. They write about a time they reached a goal. They identify how different words have different meanings, and then they practice using the present perfect tense.

Spiraling for Mastery

Content or Skill for this Unit	Spiral Focus from Previous Unit
- use vocabulary in sentences -use L1 and L2 to describe accomplishments - identify cause and effect - label -read information	- Strategies: Comprehension, questioning, summarizing - Classify information - Produce drawings, phrases, short sentences - Respond to oral directions

-research	<ul style="list-style-type: none"> - Follow two-step oral directions - Ask and answer short questions - Describe actions, people, places
-----------	---

Bi-Weekly Scope and Sequence

WEEKS	Standards	Content Area	Language Development	Reading	Writing	Listening/Speaking	Assessment
1-2 SKILLS		<p>Science: Students will explain how the number and types of organisms in an ecosystem can support depends on the resources available and on abiotic factors.</p> <p>Science: Students will explain how the number and types of organisms in an ecosystem can support</p>	<p>Students will use direct and indirect objects in a simple sentence pattern (subject, action verb, indirect object, direct object).</p> <p>Students will use linking verbs to convey ideas appropriately.</p>	<p>Students will determine the main idea and the key details of the text</p> <p>Students will examine how the text is organized and how that contributes to the development of ideas.</p>	<p>Students will write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content.</p> <p>Students will write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content.</p>	<p>: Students will plan and deliver short oral presentations, using details and evidence to support ideas.</p> <p>Students will explain how well speakers use specific language to present ideas or support arguments and provide detailed evidence.</p>	<p>Vocabulary Picture Cards</p> <p>Student pages 1-4</p>
