Grade 7 Health Unit 1: Healthy Relationships

Content Area: Health & PE

Course(s):

Time Period: MP1
Length: 3 Weeks
Status: Published

Rationale and Transfer Goals

The rationale of the Healthy Relationships unit is to provide students with the basic knowledge and experience they need to to live a healthy life. The information learned about the harmful effects of tobacco and alcohol will influence the students to abstain from trying them. Students will also learn refusal techniques to avoid being pressured into trying tobacco and alcohol. Students will learn about what healthy relationships are like, including in the context of dating.

Enduring Understandings

Relationships are influenced by a wide variety of factors, individuals, and behaviors.

Technology can impact the capacity of individuals to develop and maintain healthy behaviors and interpersonal relationships.
