Content Area: **ESL**  
Course(s):  
Time Period: **MP1**  
Length: **45**  
Status: **Published**

## Unit Focus

---

Standards are integrated within each lesson to enable multilingual learners to work toward proficiency in English while learning content—developing the skills and confidence in listening, speaking, reading, and writing. The Units will focus on basic vocabulary and content development around community, transportation systems, the weather through using simple sentence patterns with correct prepositions, connecting words and phrases in fiction and non-fiction texts.

## WIDA Standards

## Lesson Summaries

---

### Unit 3 (weeks 10-15)

**Around Town-** In this lesson In this lesson, students describe, answer questions about, and write sentences about shapes. They graph information on pictographs. Students also use the modals may and must and use linking verbs to convey ideas.

**Transportation (wordless)-** In this lesson, students demonstrate vocabulary comprehension, write first-person poems about transportation, and research transportation routes to a community site. They share opinions with others. Students also use prepositions in simple sentences.

**Central Park Trip-** In this lesson, students use connecting words, write about personal trips, and discuss changes in transportation. They support opinions and form and use the simple present tense to convey ideas appropriately.

**Night at the Community Center-** In this lesson, students describe words and ideas from the text, write about activities they would offer at a community center, and solve problems involving measurement. Students use can, should, and must to express ideas and opinions. They also use plural suffixes to determine the meanings of unknown words.

**The King's New Clothes-** In this lesson, students identify the basic sequence of events in a story; write about the beginning, middle, and end of a story; and offer opinions in conversations. Students present stories. They also convey ideas appropriately using the present progressive tense.

### Unit 7 (weeks 16-21)

**Weather-** In this lesson, students interpret information presented visually using simple sentences, write about the weather they like to play in, and share observations about objects. Students use words with similar meanings and explain how they have different effects on audiences. They also demonstrate understanding of common action verbs.

**Weather (wordless)-** In this lesson, students integrate words and phrases from two books, describe their favorite weather, and measure and make predictions about the weekly temperature. They share opinions and try to persuade others. Students also use the past progressive tense to convey ideas appropriately.

**Melting and Freezing-** In this lesson, students explain key details in a text, create captions for pictures, and compare the melting points of different objects. They also orally cite text evidence and embed ideas using that and who.

**Evaporation-** In this lesson, students explain specific ideas found in a scientific text, write how water evaporates, and conduct a scientific experiment. They also recite chants about evaporation and create a cartoon that uses onomatopoeia.

**Snow-** In this lesson, students identify and describe the specific language poets use to present ideas, and create and share rhythms. They ask and answer clarification questions while listening to oral presentations. Students also use transitional words when speaking.
