Section Title

Introduction

Unit 1: Animals

Unit 2: Our Planet

Unit Focus

Standards are integrated within each lesson to enable multilingual learners to work toward proficiency in English while learning content—developing the skills and confidence in listening, speaking, reading, and writing. The Units will focus on basic vocabulary and content development around animals, domestic and wild, their care, depictions of animals in illustrated and non-illustrated text, natural features of the Earth, and changes in its environment.

Essential & Guiding Questions/ Enduring Understanding

*The Unit EU, EQ question, and individual Lesson GQ should be visible to students by way of displaying on a board.

Unit 1 Enduring Understanding	Unit 1 Essential Question	Week 2 Guiding Question- Animal Investigations	Week 3 Guiding Question- Amazing Animals: Sharks	Week 4 Guiding Question- Wildlife Scientists	Week 5/6 Guiding Question- The Tortoise and the Hare
Animals can teach us many things about ourselves.	What can research lead us to discover about animals?	Why should people learn about animal habits?	What responsibility do people have to learn about marine life?	What is the benefit of conducting long-term studies on species?	What can we learn from different animals? *End of Unit

					Assessment*

Unit 2 Enduring Understanding	Unit 2 Essential Question	Week 7 Guiding Question-Rainforest	Week 8 Guiding Question- Deserts	Week 9/10 Guiding Question-Forests
Protecting the natural world around me is important.	Why is it important to preserve the diversity of life in each biome?	How have plants and animals adapted to the unique conditions in rainforest biomes?	How have plants and animals adapted to the unique conditions in desert biomes?	How have plants and animals adapted to the unique conditions in forest biomes?

End of Unit Assessment |

WIDA Standards

ELD Standard 1: Language for Social and Instructional Purposes (ELD-SI)

ELD Standard 2: Language for Language Arts (ELD-LA)

ELD Standard 3: Language for Mathematics (ELD-MA)

ELD Standard 4: Language for Science (ELD-SC)

ELD Standard 5: Language for Social Studies (ELD-SS)

Lesson Summaries
Unit1 (Weeks 2-5)

Animal Investigations- In this lesson, students use text features to draw information from the text. They convey ideas and information about themselves and record the results of a survey in different ways. Students also demonstrate active listening by asking and answering detailed questions about a video. They use nouns in

a simple sentence pattern before expanding the sentences.

Amazing Animals: Sharks- *In this lesson, students identify main ideas and supporting details. They use precise vocabulary to describe sharks and research facts about sharks to include in brochures. They build on responses in class discussions and expand sentences with adjectives.*

Wildlife Scientists- *In this lesson, students locate, use, and identify the functions of text features. They write riddles and represent and interpret data in graphs. They plan and deliver oral presentations and use suffixes to determine the meaning of words.*

*The Tortoise and the Hare -*In this lesson, students identify key elements of a fable, write fables that include a setting, a moral, characters, and plot, and read and recount fables from diverse cultures. They learn how synonyms produce shades of meaning, and they identify and explain similes and metaphors.

Unit2 (Week 7-9)

Rainforests - In this lesson, students identify compare-and-contrast structures in a text, they write paragraphs comparing rainforest plants or animals, and they research and share ways to help protect rainforests. Students also describe how well speakers present evidence for ideas, and they use transitional words to join ideas.

Deserts- In this lesson, students use the text to draw inferences. They write opinion pieces, supporting their points of view with reasons. They discuss the adaptations of desert plants and animals. They use precise academic and domain-specific words, and they use direct objects in simple sentence patterns (subject, action verb, direct object).

*Forests -*In this lesson, students identify sequential order in the text, use temporal words and phrase to signal event order, and research and describe the life cycle of a forest plant or animal. They support opinions using text and images and use connecting words and phrases.

Lesson Vocabulary

Unit 1- Animals	Unit 2- Our Planet

Animals Investigations• chart • graph ★ prediction • data ★ investigation ★ probable • diagram • method ★ table	**Rainforests** • adapt ★ contrast • temperate • biome • ecosystem • tropical ★ compare ★ scan
Amazing Animals: Sharks-• anatomy • dorsal • prey ★ attributes • gills • species ★ compare • predator	**Deserts-** • adaptation • environment • latitude ★ climate • generalization ★ conclusion ★ inference
Wildlife Scientists★ conservation ★ feature ★ increasing ★ declining • glossary • index • endangered • habitat • wildlife	**Forests**★ consumers • fauna • initially • decomposers • flora ★ order • energy pyramid • food web • sequential
The Tortoise and the Hare • arrogant ★ insist • stereotype ★ characteristic • moral • traits • fable ★ steady	

Spiraling for Mastery

Content or Skill for this Unit	WIDA Can Dos and PLDs for levels for Entering and Beginning levels of language proficiency
- use vocabulary in sentences -use L1 and L2 to analyze charts and graphs - identify cause and effect - label -read information -research	- Strategies: Comprehension, questioning, summarizing - Classify information - Produce drawings, phrases, short sentences - Respond to oral directions - Follow two-step oral directions - Ask and answer short questions - Describe actions, people, places

Weekly and Bi-Weekly Scope and Sequenceb

WEEKS	Standards	Content Area	Language Development	Reading	Writing	Listening/Speaking	Small Group	Assessment
2		**Mathematics:** Students will administer surveys, record the information, and discuss how information can be presented in different ways as data.	Students will use nouns in simple sentence patterns (noun phrase, linking verb, noun phrase) before expanding the sentences in a variety of ways.	Students will use text features, such as diagrams, charts, and glossaries to locate and draw information from the text.	Students will clearly convey ideas and information about themselves.	Students will demonstrate active listening by asking and answering detailed questions about a video with minimal prompting and light support.	**Group 1 (Independent reading)** *Real World Science: Animals* F&P level: Q https://www.getepic.com/app/read/10832 *Baby Animals in Cities* F&P level: N https://www.getepic.com/app/read/7885 *Baby Animals in Forest Habitats* F&P level: M https://www.getepic.com/app/read/7995 *Baby Animals in Ocean Habitats* F&P level: M https://www.getepic.com/app/read/7998 Baby Animals in Rainforest Habitats F&P level: M	- Animals Investigations Vocabulary picture cards - Animals Investigations pages 1-4

Career Readiness, Life Literacies & Key Skills

9.4.12.CI.1:	Demonstrate the ability to reflect, analyze, and use creative skills and ideas (e.g., 1.1.12prof.CR3a).
9.4.2.CT.3:	Use a variety of types of thinking to solve problems (e.g., inductive, deductive).
9.4.12.IML.2:	Evaluate digital sources for timeliness, accuracy, perspective, credibility of the source, and relevance of information, in media, data, or other resources (e.g., NJSLSA.W8, Social Studies Practice: Gathering and Evaluating Sources.
CRP.K-12.CRP2	Apply appropriate academic and technical skills.
CRP.K-12.CRP7	Employ valid and reliable research strategies.
CRP.K-12.CRP8	Utilize critical thinking to make sense of problems and persevere in solving them.
