Rationale

This unit on *Beowulf* and the theme of The Perilous Journey is designed to deepen students' understanding of classic literary themes such as heroism, bravery, and the struggle between good and evil. By engaging with an epic narrative, students not only enhance their analytical and narrative writing skills but also gain insights into how stories shape and reflect human experiences. This unit prepares students for new learning by honing their ability to craft compelling narratives and analyze complex texts, skills that are crucial for academic success and effective communication in any field. Additionally, the themes explored encourage students to reflect on their own experiences with challenges and personal growth, making the unit relevant to their lives beyond the classroom.

At the end of the unit, students will demonstrate mastery of the standards and skills through a comprehensive benchmark and summative assessment. The benchmark assessment will evaluate their ability to analyze and interpret a grade-level text by citing textual evidence and exploring its themes, narrative structure, and character development. The summative assessment will require students to craft their own narrative that incorporates thematic elements using effective storytelling techniques to create a compelling and cohesive story. Through these assessments, students will showcase their proficiency in narrative writing, critical analysis, and thematic interpretation, reflecting their understanding of the unit's objectives and their readiness

for future academic challenges.
