Unit Overview

Students will participate in Hour of Code.

Enduring Understandings

Coding is the language we use to write programming.

Essential Questions

How do we write efficient code?

Instructional Strategies & Learning Activities

Objective: Hour of Code: code.org (Students Choose from Activities available this week)
The student will be able to begin to learn and understand basic concepts about coding creating code in a "blockly" language which writes Javascript 'under the hood'.*Sequence, Condition, Loop*

Differentiation:
Self-paced

Assessment:
Teacher dashboard reports

Objective: Hour of Code: code.org - complete documentation/screenshot AND Holiday Wish List Google Slide
The student will be able complete documentation/screenshot from last week's Hour of Code then transition into creating one Google Slide which will showcase a new tech item on a Holiday Wish List..

Differentiation:
Student choice: HoC activity, Tech Item
