

Feb. Gr. 3 Music

Content Area: **Music**
Course(s):
Time Period: **February**
Length: **4-5 Weeks**
Status: **Published**

Unit Overview

Creating ★ Connecting ★ Performing ★ Responding

Students will explore written and performed music through the playing of a recorder.

Enduring Understandings

Written musical notation can be translated into music we can hear.

Essential Questions

How do you read music and play it on the recorder?

Instructional Strategies & Learning Activities

Objectives	Suggested Activities	Evaluations	Resources
Identify and respond to register, melodic contour, patterns and phrases	Recognizing and singing solfege syllables and demonstrating hand signs SOL, MI and LA & DO	Teacher observation Performance assessment	Grade 3 Music Bells
Demonstrate rhythmic sensitivity to rhythm patterns	Play recorder using B,A,G & E, high C, high D, low D, low C and practice silent fingering and sight	Oral/Aural assessment	<i>Playing</i>

<p>Recognize repetition and contrast</p> <p>Distinguish between single tones and two or more tones sounded together</p>	<p>reading</p>	<p>Games</p>	<p>Piano</p> <p>Interac</p>

Integration of Career Readiness, Life Literacies and Key Skills

WRK.9.2.5.CAP

Career Awareness and Planning

WRK.9.2.5.CAP.4

Explain the reasons why some jobs and careers require specific training, skills, and certification (e.g., life guards, child care, medicine, education) and examples of these requirements.

TECH.9.4.5.CI.3

Participate in a brainstorming session with individuals with diverse perspectives to expand one's thinking about a topic of curiosity (e.g., 8.2.5.ED.2, 1.5.5.CR1a).

Collaboration with individuals with diverse perspectives can result in new ways of thinking and/or innovative solutions.

Technology and Design Integration

Students will interact with the unit using the Smartboard.

CS.3-5.8.1.5.CS.1

Model how computing devices connect to other components to form a system.

Computing devices may be connected to other devices to form a system as a way to extend their capabilities.

Interdisciplinary Connections

LA.RF.3.3

Know and apply grade-level phonics and word analysis skills in decoding and encoding words.

LA.RF.3.4

Read with sufficient accuracy and fluency to support comprehension.

LA.RI.3.1

Ask and answer questions, and make relevant connections to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.

LA.RI.3.4

Determine the meaning of general academic and domain-specific words and phrases in a text relevant to a grade 3 topic or subject area.

Differentiation

- Understand that gifted students, just like all students, come to school to learn and be challenged.
- Pre-assess your students. Find out their areas of strength as well as those areas you may need to address before students move on.
- Consider grouping gifted students together for at least part of the school day.
- Plan for differentiation. Consider pre-assessments, extension activities, and compacting the curriculum.
- Use phrases like "You've shown you don't need more practice" or "You need more practice" instead of words like "qualify" or "eligible" when referring to extension work.
- Encourage high-ability students to take on challenges. Because they're often used to getting good grades, gifted students may be risk averse.
- **Definitions of Differentiation Components:**
 - Content – the specific information that is to be taught in the lesson/unit/course of instruction.
 - Process – how the student will acquire the content information.
 - Product – how the student will demonstrate understanding of the content.
 - Learning Environment – the environment where learning is taking place including physical location and/or student grouping

Differentiation occurring in this unit:

Students will be offered support and challenges as determined by teacher evaluation.

Modifications & Accommodations

Refer to QSAC EXCEL SMALL SPED ACCOMMODATIONS spreadsheet in this discipline.

Modifications and Accommodations used in this unit:

IEP's and 504 plans will be utilized.

Benchmark Assessments

Benchmark Assessments are given periodically (e.g., at the end of every quarter or as frequently as once per month) throughout a school year to establish baseline achievement data and measure progress toward a standard or set of academic standards and goals.

Schoolwide Benchmark assessments:

Aimsweb benchmarks 3X a year

Linkit Benchmarks 3X a year

Additional Benchmarks used in this unit:

this unit:

ade pre and post assessments to measure growth over time.

Formative Assessments

Assessment allows both instructor and student to monitor progress towards achieving learning objectives, and can be approached in a variety of ways. **Formative assessment** refers to tools that identify misconceptions, struggles, and learning gaps along the way and assess how to close those gaps. It includes effective tools for helping to shape learning, and can even bolster students' abilities to take ownership of their learning when they understand that the goal is to improve learning, not apply final marks (Trumbull and Lash, 2013). It can include students assessing themselves, peers, or even the instructor, through writing, quizzes, conversation, and more. In short, formative assessment occurs throughout a class or course, and seeks to improve student achievement of learning objectives through approaches that can support specific student needs (Theal and Franklin, 2010, p. 151).

Formative Assessments used in this unit:

Teacher observation

Performance assessment

Oral/Aural assessment

Games

Summative Assessments

Summative assessments evaluate student learning, knowledge, proficiency, or success at the conclusion of an instructional period, like a unit, course, or program. Summative assessments are almost always formally graded and often heavily weighted (though they do not need to be). Summative assessment can be used to great effect in conjunction and alignment with formative assessment, and instructors can consider a variety of ways to combine these approaches.

Summative assessments for this unit:

Teacher observation

Performance assessment

Oral/Aural assessment

Games

Instructional Materials

Grade 3 book

Bells

Playing the recorder

Piano

Interactive smartboard

Standards

MU.3-5.1.3A.5.Cr2a	Demonstrate developed musical ideas for improvisations, arrangements or compositions to express intent. Explain connection to purpose and context.
MU.3-5.1.3A.5.Cr2b	Use standard and/or iconic notation and/or recording technology to document personal rhythmic, melodic and two-chord harmonic musical ideas.
MU.3-5.1.3A.5.Pr5a	Apply teacher-provided and established criteria and feedback to evaluate the accuracy and expressiveness of ensemble and personal performance.
MU.3-5.1.3A.5.Re9a	Demonstrate and explain how the expressive qualities (e.g., dynamics, tempo, timbre, articulation) are used in performers' and personal interpretations to reflect expressive intent.
MU.3-5.1.3A.5.Cn11a	Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.
