

Sept. HMC 20 Geography Map Skills Toolkit; September 11 Memorial; Constitution Day, September 17

Content Area: **Social Studies**
 Course(s):
 Time Period: **September**
 Length: **2 Weeks**
 Status: **Published**

Unit Overview

This unit introduces 6th grade to social studies, map reading and active reading strategies that are needed during the 6th grade units of study.

Enduring Understandings

Students of social studies must be active readers who can identify and successfully use reading strategies and map reading skills.

Essential Questions

What strategies does an active reader of social studies use to understand the content?

How do you read a map?

Instructional Strategies & Learning Activities

Day 1	Day 2	Day 3	Day 4	Day 5
Aim: Introduction to 6 th Social Studies Mods/Diff: none needed Assessment: Student questionnaire	Aim: Identify and use active reading strategy Mods/Diff: repeat, reword directions; display visuals with guided practice	Aim: Identify and use active reading strategy while reviewing map skills Mods/Diff: second textbook for home use; check in to make sure assignment being completed correctly	Aim: Identify and use active reading strategy while reviewing map skills Mods/Diff: check in to make sure assignment being completed correctly; repeat/reword	Aim: review for the first quiz Mods/Diff: guided practice with visuals Assessment: Map Skills Toolkit

	Assessment: Student questionnaire /2	Assessment: Latitude and Longitude sheet	directions Assessment: Signed SS Info Sheet /2	Vocab Sheet /4
--	--	--	---	----------------

Day 6	September 11	Constitution Day Sept. 17		
Aim: Assess Map Skills. Mods/Diff: modified quiz; repeat/reword directions Assessment: Map Skills Quiz; KWL chart	Aim: To understand and honor the significance of September 11, Patriot's Day Mods/Diff: none needed Assessment: Discussion	Aim: To understand and honor the significance of Constitution Day. Teach tolerance of Muslims/Islam Mods/Diff: none needed Assessment: Crossword puzzle		

Integration of Career Readiness, Life Literacies and Key Skills

Teach map reading skills

WRK.9.2.8.CAP

Career Awareness and Planning

WRK.9.2.8.CAP.2

Develop a plan that includes information about career areas of interest.

TECH.9.4.8.CI

Creativity and Innovation

TECH.9.4.8.CI.4

Explore the role of creativity and innovation in career pathways and industries.

TECH.9.4.8.CT

Critical Thinking and Problem-solving

TECH.9.4.8.DC	Digital Citizenship
TECH.9.4.8.DC.1	Analyze the resource citations in online materials for proper use.
TECH.9.4.8.DC.2	Provide appropriate citation and attribution elements when creating media products (e.g., W.6.8).
TECH.9.4.8.GCA	Global and Cultural Awareness
TECH.9.4.8.GCA.1	Model how to navigate cultural differences with sensitivity and respect (e.g., 1.5.8.C1a).
TECH.9.4.8.GCA.2	Demonstrate openness to diverse ideas and perspectives through active discussions to achieve a group goal.
TECH.9.4.8.IML	Information and Media Literacy
TECH.9.4.8.IML.1	Critically curate multiple resources to assess the credibility of sources when searching for information.
TECH.9.4.8.IML.7	Use information from a variety of sources, contexts, disciplines, and cultures for a specific purpose (e.g., 1.2.8.C2a, 1.4.8.CR2a, 2.1.8.CHSS/IV.8.AI.1, W.5.8, 6.1.8.GeoSV.3.a, 6.1.8.CivicsDP.4.b, 7.1.NH. IPRET.8).
TECH.9.4.8.IML.8	<p>Apply deliberate and thoughtful search strategies to access high-quality information on climate change (e.g., 1.1.8.C1b).</p> <p>Increases in the quantity of information available through electronic means have heightened the need to check sources for possible distortion, exaggeration, or misrepresentation.</p> <p>Gathering and evaluating knowledge and information from a variety of sources, including global perspectives, fosters creativity and innovative thinking.</p> <p>Detailed examples exist to illustrate crediting others when incorporating their digital artifacts in one’s own work.</p> <p>An individual’s strengths, lifestyle goals, choices, and interests affect employment and income.</p> <p>Awareness of and appreciation for cultural differences is critical to avoid barriers to productive and positive interaction.</p>

Technology and Design Integration

Use of online maps;

Google Classroom

Interdisciplinary Connections

LA.6-8.CCSS.ELA-Literacy.CCRA.R.1	Read closely to determine what the text says explicitly and to make logical inferences from it; cite specific textual evidence when writing or speaking to support conclusions drawn from the text.
LA.6-8.CCSS.ELA-Literacy.CCRA.R.2	Determine central ideas or themes of a text and analyze their development; summarize the key supporting details and ideas.
LA.6-8.CCSS.ELA-Literacy.CCRA.R.4	Interpret words and phrases as they are used in a text, including determining technical, connotative, and figurative meanings, and analyze how specific word choices shape meaning or tone.

LA.6-8.CCSS.ELA-Literacy.CCRA.R.5 Analyze the structure of texts, including how specific sentences, paragraphs, and larger portions of the text (e.g., a section, chapter, scene, or stanza) relate to each other and the whole.

Differentiation

- Understand that gifted students, just like all students, come to school to learn and be challenged.
- Pre-assess your students. Find out their areas of strength as well as those areas you may need to address before students move on.
- Consider grouping gifted students together for at least part of the school day.
- Plan for differentiation. Consider pre-assessments, extension activities, and compacting the curriculum.
- Use phrases like "You've shown you don't need more practice" or "You need more practice" instead of words like "qualify" or "eligible" when referring to extension work.
- Encourage high-ability students to take on challenges. Because they're often used to getting good grades, gifted students may be risk averse.
- **Definitions of Differentiation Components:**
 - Content – the specific information that is to be taught in the lesson/unit/course of instruction.
 - Process – how the student will acquire the content information.
 - Product – how the student will demonstrate understanding of the content.
 - Learning Environment – the environment where learning is taking place including physical location and/or student grouping

Differentiation occurring in this unit:

Mods/Diff: repeat, reword directions; display visuals with guided practice

Mods/Diff: check in to make sure assignment being completed correctly; repeat/reword directions

Mods/Diff: second textbook for home use; check in to make sure assignment being completed correctly

Modifications & Accommodations

Refer to QSAC EXCEL SMALL SPED ACCOMMODATIONS spreadsheet in this discipline.

Modifications and Accommodations used in this unit:

See Diff/mod. as listed above.

Benchmark Assessments

Benchmark Assessments are given periodically (e.g., at the end of every quarter or as frequently as once per month) throughout a school year to establish baseline achievement data and measure progress toward a standard or set of academic standards and goals.

Schoolwide Benchmark assessments:

Aimsweb benchmarks 3X a year

Linkit Benchmarks 3X a year

Additional Benchmarks used in this unit:

Sentence construction pretest; stem usage

Formative Assessments

Assessment allows both instructor and student to monitor progress towards achieving learning objectives, and can be approached in a variety of ways. **Formative assessment** refers to tools that identify misconceptions, struggles, and learning gaps along the way and assess how to close those gaps. It includes effective tools for helping to shape learning, and can even bolster students' abilities to take ownership of their learning when they understand that the goal is to improve learning, not apply final marks (Trumbull and Lash, 2013). It can include students assessing themselves, peers, or even the instructor, through writing, quizzes, conversation, and more. In short, formative assessment occurs throughout a class or course, and seeks to improve student achievement of learning objectives through approaches that can support specific student needs (Theal and Franklin, 2010, p. 151).

Formative Assessments used in this unit:

See assessments as listed in the above lesson plans.

Summative Assessments

Summative assessments evaluate student learning, knowledge, proficiency, or success at the conclusion of an instructional period, like a unit, course, or program. Summative assessments are almost always formally graded and often heavily weighted (though they do not need to be). Summative assessment can be used to great effect in conjunction and alignment with formative assessment, and instructors can consider a variety of ways to combine these approaches.

Summative assessments for this unit:

Map skill quizzes as outlined above.

Instructional Materials

As noted in above lesson plan.

Standards

LA.RH.6-8.7	<p>Integrate visual information (e.g., in charts, graphs, photographs, videos, or maps) with other information in print and digital texts.</p> <p>Geospatial technologies and representations help us to make sense of the distribution of people, places and environments, and spatial patterns across Earth's surface.</p>
SOC.6.1.8.GeoSV.3.a	<p>Use maps and other geographic tools to construct an argument on the impact of geography on the developments and outcomes of the American Revolution including New Jersey's pivotal role.</p>
SOC.6.2.8.GeoHE.2.a	<p>Determine the extent to which geography influenced settlement, the development of trade networks, technological innovations, and the sustainability of early river valley civilizations.</p>
SOC.6.2.8.GeoPP.3.b	<p>Explain how geography and the availability of natural resources led to both the development of classical civilizations and to their decline.</p>
SOC.6.2.8.GeoHE.4.a	<p>Explain how geography influenced the development of the political, economic, and cultural centers of each empire as well as the empires' relationships with other parts of the world.</p>
