Differentiation

Learners Reading and Writing Below Grade Level

- **Read One Section at a Time** Break up the reading during the Visual Discovery activity so that students read only one section at a time.
- To break up the reading for *Physical Geography of Greece*:
- Ask all but the last bulleted question in Step 2. Have students read Section 2 and complete the corresponding Reading Notes.
- Ask the last bulleted question in Step 2. Have students read Section 3 and complete the corresponding

Reading Notes.

- To break up the reading for *Ancient Greek Colonies and Trade Routes*: Ask all but the last two bulleted questions in Step 5. Have students read Section 4 and complete the corresponding Reading Notes.
- Ask the last two bulleted questions in Step 5. Have students read Section 5 and complete the corresponding Reading Notes.
- **Scaffold the Reading Notes** Use the Guide to Reading Notes to scaffold the Reading Notes so that students take steps toward working more independently.
- For Section 2, omit key words that students can fill in.
- For Sections 3 and 4, provide prompts that students can complete.
- For Section 5, have students complete as written.

Learners with Special Education Needs

- **Divide the Preview Question** Divide the Preview question in the Interactive Student Notebook into two separate questions: *How do you think the physical geography of Greece influenced where people settled?* and *How do you think the physical geography of Greece influenced how people lived?* Students should write a brief response to each question.
